

AGENDA

BOARD OF DIRECTORS FINANCE COMMITTEE MEETING

DELTA DIABLO

(a California Special District)

2500 Pittsburg-Antioch Highway | Antioch, CA 94509

(Note: There will be no in-person meeting at the District.)

WEDNESDAY, JANUARY 5, 2022

4:30 P.M.

In lieu of a public gathering, the Board of Directors Finance Committee Meeting will be accessible via ZOOM to all members of the public as permitted by the Government Code Section 54953(e).

The Board of Directors Finance Committee Meeting on January 5, 2022 will not be physically open to the public and the Finance Committee Chair will be teleconferencing into the meeting. Members of the public can observe the meeting by following the steps listed below to view and listen to the Finance Committee Meeting.

Persons who wish to address the Finance Committee during the Public Comment period or with respect to an item on the Agenda will be limited to two (2) minutes. The Secretary to the Board will call on members of the public at the beginning of the meeting to establish a speaking order. Please indicate whether you wish to speak during the Public Comment period or on a specific Agenda item at that time.

Presentations will be made available online at <https://www.deltadiablo.org/finance-subcommittee-meetings> approximately one hour prior to the start of the Finance Committee meeting.

How to view, listen to, and provide a Public Comment during the meeting via ZOOM:

- Using your computer, access the Zoom meeting at: <https://us02web.zoom.us/j/88666401868>

How to listen and provide a Public Comment during the meeting via ZOOM:

- Using your telephone, access the Zoom meeting by dialing (669) 900-6833
- Meeting ID: 886 6640 1868

The District will provide reasonable accommodations for persons with disabilities who plan to participate in Board (or committee) meetings by contacting the Secretary to the Board 24 hours prior to the scheduled meeting at (925) 756-1927. Disclosable public records related to an open session item on a meeting agenda and distributed by the District to a majority of members of the Board of Directors less than 72 hours prior to that meeting are available for public inspection on the District website at www.deltadiablo.org

AGENDA

BOARD OF DIRECTORS FINANCE COMMITTEE MEETING

(Note: There will be no in-person meeting at the District.)

WEDNESDAY, JANUARY 5, 2022

4:30 P.M.

A. PUBLIC COMMENTS

B. REVIEW ANNUAL COMPREHENSIVE FINANCIAL REPORT AND MEMORANDUM ON INTERNAL CONTROL FOR FISCAL YEAR 2020/2021 (Anika Lyons)

C. ADJOURNMENT

The District will provide reasonable accommodations for persons with disabilities who plan to participate in Board (or committee) meetings by contacting the Secretary to the Board 24 hours prior to the scheduled meeting at (925) 756-1927. Disclosable public records related to an open session item on a meeting agenda and distributed by the District to a majority of members of the Board of Directors less than 72 hours prior to that meeting are available for public inspection on the District website at www.deltadiablo.org

MEMORANDUM

DATE: January 5, 2022

TO: Juan Banales, Chair, Finance Committee

FROM: Brian Thomas, Acting Business Services Director ^{BAT}

SUBJECT: REVIEW ANNUAL COMPREHENSIVE FINANCIAL REPORT AND
MEMORANDUM ON INTERNAL CONTROL FOR FISCAL YEAR 2020/2021

Recommendation

Review audited Annual Comprehensive Financial Report (ACFR) and Memorandum on Internal Control for Fiscal Year 2020/2021 (FY20/21).

Background Information

California statutes require special districts to have an annual audit conducted by independent certified public accountants. In addition to preparing basic financial statements for FY20/21, the District has prepared an ACFR, which provides more information (i.e., a Letter of Transmittal and a statistical section) to improve context for the reader. Major ACFR elements and audit findings will be presented to the Finance Committee on January 5, 2022, prior to including this item on the agenda for the January 12, 2022 Board Meeting.

The FY20/21 ACFR was audited by Cropper Accountancy Corporation, who was selected as the District's auditor following a competitive request for proposals (RFP) process in April 2021. Cropper Accountancy Corporation was awarded the audit contract for FY20/21 through FY22/23 with an option to extend the contract annually for a period not to exceed three additional years.

The basic structure of the District's ACFR includes three primary sections:

- 1) **Introductory Section.** This section contains the Letter of Transmittal, which provides a brief overview and directs readers to relevant information within the ACFR to provide context and improve comprehension of the ACFR contents.
- 2) **Financial Section.** This section contains both comparative totals from the prior fiscal year and supplementary information relating to the District's five core programs: Wastewater, Recycled Water, Household Hazardous Waste, Street Sweeping, and Bay Point Collections.
- 3) **Statistical Section.** This section provides additional historical perspective, context, and detail to help the reader utilize the information located elsewhere in the financial report to better understand the District's economic condition.

The Government Finance Officers Association (GFOA) works to advance excellence in state and local government financial management and promote financial reporting that provides useful information to taxpayers, customers, public officials, investors, and others who use financial reports. The District will submit the FY20/21 ACFR to GFOA for review under its Certificate of Achievement for Excellence in Financial Reporting program.

Analysis

Consistent with prior audit results, the District's auditor has determined that the ACFR fairly presents the District's financial condition (this is known as an "unmodified opinion" or "clean" opinion), and no material weaknesses were identified during review of internal controls over financial reporting. Achieving an unmodified opinion provides reasonable assurance that the District's ACFR is free of material misstatements and represents the highest opinion that can be rendered in an audit.

In addition to conducting the audit and reviewing the ACFR, the auditor reviewed internal controls and made recommendations for improvements in a "Memorandum on Internal Control." There were no findings or recommendations this year, which highlight the strength of the District's internal financial controls.

FY20/21 Financial Highlights

A summary of key findings included in the ACFR regarding the District's financial position (as compared to FY19/20) is provided below.

- § Total assets plus deferred outflows exceeded total liabilities and deferred inflows by \$196.2 million (net position)
- § Net position increased by \$19.8 million (11.2%)
- § Total assets plus deferred outflows increased by \$25.7 million (11.1%)
- § Total liabilities plus deferred inflow of resources increased by \$5.9 million (10.8%)
- § Total operating revenues = \$41.3 million, an increase of \$2.7 million (6.9%)
- § Total operating expenses = \$31.7 million, a decrease of \$3.6 million (10.3%)
- § Capital contributions = \$6.8 million, an increase of \$5.2 million (338.6%)

The District remains financially sound with a combined total net position at the end of FY20/21 of \$196.2 million. Changes in net position serve as a useful indicator of the District's financial position over time. For FY20/21, the District's net position increased by \$19.8 million, which was the result of two main factors:

- 1) Total operating revenues of \$41.3 million exceeded total operating expenses by \$9.6 million. This positive result, which includes the collection of Sewer Service Charges (SSCs), demonstrates the success of the District's overall fiscal year operations and long-term infrastructure planning.
- 2) Net non-operating revenue of \$10.2 million (Capital Facilities Capacity Charges [CFCCs] of \$6.8 million + ad valorem property taxes of \$3.4 million + interest income of \$0.2 million + other non-operating revenue of \$0.4 million – interest expense of \$0.6 million).

A thorough discussion of FY20/21 financial activities is provided in the Management Discussion and Analysis (MD&A) section of the ACFR.

During FY20/21, the Wastewater Capital Expansion Fund paid \$0.5 million toward the interfund loan from the Wastewater Capital Asset Fund. The balance of the Wastewater Capital Expansion interfund loan at the end of FY20/21 was \$3.3 million. In addition, an interfund loan of \$3.0 million was made from the Wastewater Advanced Treatment Fund to the Wastewater Capital Asset Replacement Fund. The balance of the Wastewater Capital Asset Replacement interfund loan balance at the end of FY20/21 was \$7.0 million.

A representative from the accounting firm responsible for the independent audit will present the FY20/21 Financial Audit Results to the Finance Committee and will address questions on the scope of work, associated findings, and reports.

Next Steps

If recommended by the Finance Committee, the ACFR will be finalized and presented to the Board of Directors at the January 12, 2022 meeting.

Financial Impact

The District remains financially sound and no material weaknesses in internal controls were identified by the auditor. The District's net position increased by \$19.8 million in FY20/21 due to total operating revenues exceeding total operating expenses. The District will consider this increase, as well as other FY20/21 final audited results, during the upcoming FY22/23 budget and rate development process.

December 20, 2021

To the Honorable Board of Directors and Delta Diablo Customers:

Delta Diablo (District) is pleased to submit the Annual Comprehensive Financial Report (ACFR) for the fiscal year ending June 30, 2021 (FY20/21).

This document has been prepared by the District's Finance Division, in compliance with financial reporting principles and standards set forth by the Governmental Accounting Standards Board (GASB), and includes introductory, financial, and statistical sections. District Management assumes the responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive internal control framework it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

Because California statutes require special districts to complete an annual financial audit conducted by independent, certified public accountants, this report is published to fulfill this requirement for FY20/21. Cropper Accountancy Corporation has issued an unmodified ("clean") opinion on the District's financial statements for FY20/21. The independent auditors' report is located at the front of the financial section of this report.

Management's discussion and analysis (MD&A) immediately follows the independent auditors' report and provides an introduction, overview, and analysis of the District's basic financial statements. The MD&A complements this transmittal letter and should be read in conjunction with it.

As the District developed the ACFR based on recommended guidelines set forth by the Government Finance Officers Association (GFOA), this report will be submitted to GFOA for review and certification.

Profile of the Government

Delta Diablo is a special district in the State of California that was originally formed in 1955 as Contra Costa County Sanitation District No. 7-A, pursuant to California Health and Safety Code Section 4700 for the purpose of operating, maintaining, and constructing wastewater collection and treatment facilities in the West Pittsburg (now called Bay Point) area. In the early 1970s, the California State Water Resources Control Board adopted a policy of encouraging public wastewater agencies to consolidate on a sub-regional basis. In 1976, the Cities of Pittsburg and Antioch were annexed to the District. A new sub-regional conveyance system and treatment facility was recommended and

subsequently constructed in the current location between the two cities. In 1989, the District's name was changed to Delta Diablo Sanitation District. In 2014, the District's name was changed to Delta Diablo to reflect the general industry shift to viewing wastewater treatment plants as water resource recovery facilities via renewable energy production, water recycling, and biosolids reuse.

The District provides services to over 215,000 residents, as well as commercial and industrial customers, in Bay Point, Pittsburg, and Antioch which comprises a service area of approximately 54 square miles. The District's service area is divided into three zones: Zone 1 – Bay Point, Zone 2 – Pittsburg, and Zone 3 – Antioch. It is governed by a three-member Board of Directors with one member appointed to represent each zone, including the Mayor of the City of Pittsburg (or designee), the Mayor of the City of Antioch (or designee), and the Contra Costa County Board of Supervisors member representing Bay Point, which is unincorporated. The Board of Directors establishes overall policies to guide District operations, which are then implemented under the direction of the General Manager, and provide reliable, high-quality wastewater conveyance and treatment services at rates that are among the lowest in the San Francisco Bay Area.

Board meetings are open to the public and held on the second Wednesday of each month. In addition, committee meetings, workshop sessions, special meetings, and public hearings are occasionally scheduled and noticed.

The District has continually pursued an array of solutions to provide high-quality and environmentally-sound resource recovery services to its customers to protect public health, the Delta, and San Francisco Bay, now and into the future. As a result, five core resource recovery programs and services have been developed: Wastewater, Recycled Water, Household Hazardous Waste, Street Sweeping, and Bay Point Collections. Additional resource recovery services include pollution prevention, energy recovery, and beneficial reuse of biosolids.

Wastewater Program: The Wastewater Program's primary purpose is to protect public health and the environment by conveying and effectively treating wastewater. Operating 24 hours a day, 365 days a year, the District's Wastewater Treatment Plant (WWTP) is permitted by the San Francisco Bay Regional Water Quality Control Board (Regional Board) as a secondary wastewater treatment facility with a permitted average dry weather flow capacity of 19.5 million gallons per day (MGD).

Recycled Water Program: Since 2000, the District has been operating an industrial recycled water plant. Generating an average of 7 MGD, this recycled water facility is rated for 12.8 MGD and utilizes a state-of-the-art computerized Supervisory Control and Data Acquisition (SCADA) system. Recycled water produced by the District is distributed for use as cooling water at two power plants, as well as landscape irrigation at several parks and schools, Caltrans rights-of-way, city offices, and a golf course in Antioch. The use of high-quality recycled water for industrial and irrigation applications provides an alternative source of water that is more cost efficient than potable water, promotes water conservation, and is an environmentally sound recapturing of precious

water resources compared to discharging the treated water directly to the Delta.

Household Hazardous Waste Program: In partnership with multiple local governmental entities, the District has operated a regional Household Hazardous Waste (HHW) Program since 1996. The core of the program is operation of the Delta Household Hazardous Waste Collection Facility (DHHWCF), which was constructed in 2003 adjacent to the District’s WWTP. The purpose of the HHW Program is to prevent hazardous pollutants from reaching waterways, landfills, and the wastewater system in support of the District’s Pollution Prevention Program and meeting state and federal regulatory requirements. Use of the District’s DHHWCF is free of charge for residents and small businesses in East Contra Costa County. This facility accepts medications, used oil and filters, anti-freeze, paints and stains, batteries, fluorescent and high intensity lamps, cosmetics, pesticides, pool chemicals and household cleaners, cooking oils and grease, and electronic waste.

Street Sweeping Program: Street sweeping is another pollution prevention service offered by the District. One of the best ways to prevent pollutants from entering local waterways is to remove them from streets before wind and rain carries them into storm drains, which flow to Delta receiving waters. Regular street sweeping provides a clean appearance throughout neighborhoods, attracts businesses to downtown areas, and supports regional compliance with state and federal regulations related to Clean Water Act implementation.

Bay Point Collection Program: In 1984, the District assumed responsibility from Contra Costa County for the West Pittsburg (Bay Point) collection system. Services provided for this system consist of cleaning, inspection, and maintaining 43 miles of sanitary sewer mains for collection and delivery of untreated wastewater to the WWTP through the District’s conveyance system. The cities of Antioch and Pittsburg maintain their own collection systems.

Local Economy

The District provides wastewater conveyance and treatment services in its service area via 39,000, 25,100, and 7,550 connections in Antioch, Pittsburg, and Bay Point, respectively. These communities are located in the Delta where the Sacramento and San Joaquin Rivers meet at the eastern edge of the greater San Francisco Bay Area (Bay Area). Housing is affordable relative to the otherwise expensive Bay Area, and there is still significant undeveloped land available in the area for future development. The Bay Area Rapid Transit (BART) Pittsburg-Antioch line and Highway 4 run through the area, connecting commuters in the three communities to jobs in other parts of the Bay Area.

Because the area functions in part as “bedroom communities” to the Bay Area’s financial district and high-tech industries, housing-related development, construction, and service-related businesses dominate the local economy. In general, the local economy is consistent with the Bay Area economy. During the first half of FY19/20, the local economy within the District’s service area experienced solid economic growth with no

indication of an economic slowdown in the short term. The unemployment rate within the region was 3.0% in February 2020, slightly lower than prior years¹, and lower than the state average unemployment rate for February 2020 of 3.9%.²

However, in March 2020, COVID-19 was declared a global pandemic and local county health orders shut down businesses that were not considered essential. This public health crisis has had significant adverse economic effects. Customers in the District's service area were ordered to shelter in place and economic activity slowed significantly. partially recovered to 6.6% as of March 2021.¹ There are many unknown factors and uncertainties regarding the financial impacts associated with the COVID-19 pandemic. Growth and development activities will continue to be closely monitored for any unknown impacts to water use and the associated impact to SSC revenue in the future. FY 20/21 had a significant increase in equivalent residential units (ERUs) compared to FY 19/20 due to development in the service area.

Median household income in Bay Point, Pittsburg, and Antioch was \$55,856, \$70,770, and \$71,422, respectively, compared with the Contra Costa County median household income of \$93,712 in 2018³. Populations in Pittsburg and Antioch have grown from 64,015 and 103,509 in 2011 to 74,498 and 112,848 in 2021, respectively⁴. This information was not separately available for Bay Point as it is an unincorporated area. Median housing prices were \$512,777 in Bay Point, \$650,000 in Pittsburg, and \$563,643 in Antioch, as reported by Zillow for March 2021⁵.

Long-term Planning

Consistent with GFOA's recommendations, the District developed a Strategic Business Plan as a blueprint for how the District will respond to future challenges and changing priorities. Based on the District's mission, vision, core values, and goals, Management presents Strategic Business Plan Initiatives in support of Strategic Focus Areas under each goal area for the Board's review and acceptance each year.

The Strategic Business Plan was adopted by the Board in September 2014. In March 2021, the Board adopted minor revisions to the Strategic Business Plan to update key staffing changes, add a new "General Manager's Message," and revise the overall document format.

Mission: Protect public health and the environment in our communities by providing wastewater resource recovery services of exceptional quality and value.

Vision: Delta Diablo will be a national leader in wastewater resource recovery

Core Values: Integrity, Teamwork, and Trust

Strategic Goals:

- Financial Sustainability
- Leadership
- Operational Excellence
- Workplace Innovation
- Stakeholder Engagement

Financial Policies and Best Practices

The District has financial policies and best practices that set forth guidelines to maintain accountability and control over operating revenue and expenses, ensure proper appropriation of reserves and restricted funds, and proactively address the rising costs of pension and other post-employment benefits.

Investments: Annually, the Board of Directors has adopted an Investment Policy pursuant to California Government Code Sections 53600 et seq. The investment of idle funds is delegated by the Board of Directors to the General Manager, who assumes full responsibility for desk top transactions. The Investment Policy objectives are safety, liquidity, yield, and diversity. The District’s investments comply with the adopted Investment Policy. See Note 2 – Cash and Investments in the Notes section of this report for detailed investment information.

Reserves:

- *Economic Reserves:* Economic reserves are an essential part of the District’s operating requirements and ensure the continued ability to provide services during budget shortfalls or unforeseen circumstances. The purpose of this reserve is to provide adequate funding to mitigate overall rate volatility resulting from economic changes or events that significantly decrease the District’s revenues or increase the District’s operating costs.
- *Advanced Treatment Reserve:* The District continues to modify its original approach to collecting revenues for the Advanced Treatment Fund, which was proactively established in 2011 to avoid sharp rate increases to customers due to implementation of nutrient removal upgrades at Delta Diablo’s WWTP. The District has successfully collaborated with regulators, the scientific community, and other Bay Area Clean Water Agencies members to focus on nutrient impact analyses and water quality modeling in San Francisco Bay rather than the future imposition of regional nutrient removal permit limits. The outcome of this effort is an approximate 10-year extension in the implementation timeline. In addition to the timeline extension, staff has estimated that the initial capital cost for nutrient management is lower than originally anticipated and will be combined with a secondary treatment capacity plant expansion. Based on this new information and extended timeline for use of these funds, staff suspended the Advanced Treatment Fund Sewer Service Charge (SSC) component in FY20/21.

Other Post-Employment Benefits (OPEB) Trust Funding: Following acceptance of each fiscal year's audited financial statements for the District, the Board of Directors makes a determination as to how much of that year's remaining Actuarially Determined Contribution (ADC) (formerly Annual Required Contributions or ARC) will be funded by the District and deposited to the OPEB Trust Fund from all or part of the following sources in the order listed below: 1) unanticipated revenue streams, 2) wastewater service charge revenues exceeding planned levels for the prior fiscal year, 3) unused wastewater operating contingency funds from the prior fiscal year, 4) wastewater operating budget savings from the prior fiscal year, 5) ad valorem tax revenues, and 6) wastewater general fund.

Pension Benefits Trust Funding: The District's intent is to set aside additional funds in a separate, qualified trust fund which may be directed into either the California Public Employees' Retirement System (CalPERS) and/or Contra Costa County Employee's Retirement Association (CCCERA) in the future. Annual budgeted amounts are contributed following the adoption of the budget. Upon fully funding the OPEB Trust Fund, those funding sources previously discussed shall be redirected to pension benefit trust funding, provided the OPEB Trust Fund remains fully funded.

Internal Controls: Management is responsible for establishing and maintaining adequate internal controls to ensure that District operations are effective and efficient, applicable laws and regulations are followed, and financial reports are reliable. Internal controls provide reasonable, but not absolute assurance that these objectives are met. The concept of reasonable assurance recognizes that the cost of a control should not exceed the benefits likely to be derived, and that the cost-benefit analyses require estimates and judgment by Management.

Financial Highlights

The District's overall financial condition continues to be sound as demonstrated by a stable revenue base, effective cost containment, stable net position, and appropriate fund reserves.

In FY20/21, the District continued to effectively manage its finances and strengthen its financial position by adopting sufficient recycled water and wastewater rates to fund operations, OPEB trust contributions, and capital infrastructure improvements. The following results of operations indicate a continuing strong and stable fiscal position:

- Total assets plus deferred outflows exceeded total liabilities and deferred inflows by \$196.2 million (net position)
- Net position increased by \$19.8 million or 11.2% during the year to \$196.2 million
- Operating revenue increased \$2.7 million or 6.9% to \$41.2 million
- Operating expenses decreased \$3.6 million or 10.3% to \$31.7 million
- Capital contributions increased \$5.2 million or 338.6% to \$6.8 million

Debt Administration

As of the end of FY20/21, the District had a long-term outstanding debt total of \$33.4 million, compared to \$23.7 million as of the end of FY19/20. Prudent financial management policies and the District's sound financial position resulted in an "AA" credit rating from Standard & Poor's in November 2015.

Budget and Rates

The adopted total operating and capital budget for FY20/21 was \$47.1 million compared to \$51.5 million for FY19/20. Wastewater service rates increased by 6.5% for Antioch and Pittsburg customers and 5.9% for Bay Point customers for FY20/21, compared to 3.5% for Antioch and Pittsburg customers and 3.0% for Bay Point customers in FY19/20, due to updated capital planning needs and implementation of 2021 Cost-of-Service (CoS) Study findings.

In contrast to the previous approach of proposing a three-year operating budget and planning cycle, the District started proposing and adopting a single-year budget in FY18/19 and has continued the process through FY20/21. The District's intent is to transition to a budget cycle that better aligns the rate-setting and capital improvement program development processes.

FY20/21 Strategic Business Plan Initiatives

Financial Sustainability

- Conduct a comprehensive infrastructure condition assessment at the District's WWTP to guide prioritized, long-term capital investment.
- Navigate potential barriers to implementing a large-scale organics co-digestion effort. (This was previously a capital project that was discontinued in FY19/20.)
- Develop a near-term strategy and timeline to guide financial planning for future nutrient management investment at the WWTP (i.e., Advanced Treatment Fund).
- Complete a utility "Cost-of-Service Study" to ensure District is recovering its costs via sewer service, recycled water service, and capital facilities capacity charges.

Leadership

- Provide "change management" training to support development and application of new ideas and approaches to improve the organization.
- Provide biological wastewater treatment process training for Operations/Engineering staff.
- Develop an improved performance planning and appraisal process to support workforce development and management.

Operational Excellence

- Initiate implementation of a risk-based Asset Management Program that ensures effective asset performance, reliability, and investment through integrated, robust business processes.
- Conduct disaster response and recovery exercises to support emergency preparedness and resiliency.
- Conduct a vulnerability assessment at the WWTP to mitigate the impacts of potential infrastructure, equipment, and operational threats to regulatory compliance and safety.
- Implement priority “best practice” enhancements to District procurement and purchasing procedures, revise signature authority levels, and conduct associated staff training to ensure effective and efficient business processes.

Workplace Innovation

- Identify and prioritize opportunities to drive organizational effectiveness and efficiency through expanded use of information technology (IT) as part of the IT Assessment.
- Evaluate the feasibility of implementing interactive, dynamic capital improvement project summaries via a web-based application.

Stakeholder Engagement

- Enhance external website content and public information materials, and develop targeted fact sheets (e.g., infrastructure investment, nutrient management, rates/budget) in support of the District’s Strategic Communications Plan.

Emphasize the increased need for private sector engagement to accelerate development of regional biosolids management facilities through active participation in the Bay Area Biosolids Coalition.

Long-Term Infrastructure Investment

The District’s Capital Improvement Program (CIP) presents project needs and funding requirements to maintain and/or upgrade District infrastructure. Recommended projects in the CIP are based on previous master planning efforts, as well as ongoing condition assessment of existing facilities. The five-year CIP defines and prioritizes projects for each of the program areas described above. Below is a discussion of active major capital projects in FY20/21.

- Permanent Brine Transfer Facility – Major construction was mostly completed for a Brine Transfer Facility that will be used to store and discharge brine delivered by The Dow Agrosciences LLC to the District’s WWTP for processing.
- Headworks Improvements – Major construction occurred on the rehabilitation of headworks and grit removal facilities to address critical infrastructure needs,

provide redundancy, and ensure effective removal of debris and grit to protect downstream equipment.

- Treatment Plant Electrical Switchgear Replacement – Design activities were completed and a construction contract was awarded for replacement of critical electrical power distribution system components to ensure reliable power distribution.
- Primary Clarifier Area Improvements – Continued construction to rehabilitate primary clarifier infrastructure, including exposed piping, mechanical equipment, and electrical systems.
- Pump Station Facility Repair – Comprehensive repair and replacement work continued, including replacing isolation gates, electrical conduits, and ductwork; rehabilitating ventilation systems; installing protective coatings on structures; and implementing flood mitigation improvements.
- Bridgehead Pipeline Replacement – Completed design work and initiated the public bidding process to remove and replace gravity pipeline that conveys flows from Bridgehead Pump Station to the Antioch Pump Station.

Awards & Acknowledgements

The District was a proud recipient of several prestigious awards in FY20/21:

- National Association of Clean Water Agencies (NACWA) Gold Peak Performance Award
- NACWA 2020 Utility of the Future Today Award
- GFOA FY20/21 Distinguished Budget Presentation Award
- GFOA Certificate of Achievement for Financial Reporting

GFOA of the United States and Canada awarded a Certificate of Achievement for Excellence in Financial Reporting to the District for its ACFR for FY19/20. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. The District believes its current FY20/21 ACFR continues to meet the Certificate of Achievement Program's requirements and is submitting it to GFOA to determine eligibility for another certificate.

Acknowledgements

The District would like to thank the Board of Directors for its continued interest and dedicated support for maintaining the highest standards of professionalism and integrity in the management of the District's finances. Additionally, this report was prepared through the skill, effort, and dedication of all Finance Division staff, with significant support and contributions from many other staff in providing the data necessary to prepare this report.

Sincerely,

Vincent P. De Lange
General Manager

DELTA DIABLO

Vision, Mission and Core Values

Mission

Protect public health and the environment of our communities by providing wastewater and other resource recovery services of exceptional quality and value.

Vision

Delta Diablo will be a national leader in *wastewater* resource recovery.

Core Values

Delta Diablo is committed to:

Integrity

- Maintain the highest ethical standards with our customers, partners and each other
- Honor our commitments
- Treat others fairly and consistently

Teamwork

- Collaborate to achieve a common vision
- Communicate in an open and timely manner
- Celebrate our successes and achievements

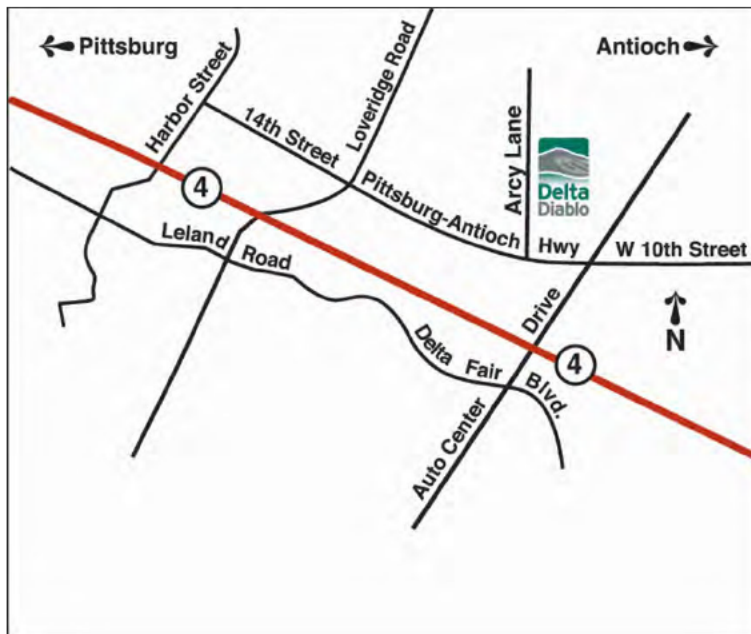

Trust

- Inspire confidence through our words and actions
- Promote a positive work environment through honest, transparent, and respectful interactions
- Encourage and embrace diverse points of view

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Delta Diablo
Antioch, California

We have audited the accompanying financial statements of the business-type activities and aggregate remaining fund information of Delta Diablo (District), as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the Table of Contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and aggregate remaining fund information of Delta Diablo, as of June 30, 2021, and the respective changes in financial position and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Comparative Information

We did not audit Delta Diablo's 2020 financial statements, and accordingly express no opinion on them. The prior year report numbers are included for comparative purposes only, and were audited by other auditors who expressed an unmodified opinion on those financial statements dated December 10, 2020.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and required supplementary information as listed in the Table of Contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The Introductory Section, Supplementary Information, and Statistical Section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Supplementary Information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Supplementary Information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The Introductory and Statistical Sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

DELTA DIABLO
MANAGEMENT'S DISCUSSION & ANALYSIS
for the Fiscal Year Ended June 30, 2021

The District's Management Discussion and Analysis (MD&A) provides an overview of the District's financial performance and activities for the fiscal year (FY) ended June 30, 2021 (FY20/21). The MD&A should be read in conjunction with the transmittal letter (pgs. 3 – 12) and the District's basic financial statements which begin on page 32. The MD&A is presented in a concise format and organized under the following headings:

- Overview of the Financial Statements
- Financial Highlights
- Financial Analysis
- Capital Assets and Debt
- Economic Factors and Next Year's Budgets and Rates
- Requests for Information

OVERVIEW OF THE FINANCIAL STATEMENTS

This MD&A is intended to serve as an introduction to the District's basic financial statements, which consist of the Financial Statements and Notes to the Financial Statements. The ACFR contains other supplementary information in addition to the basic financial statements.

Financial Statements

As a special purpose government, the District reports its financial statements in accordance with business-type activities known as enterprise funds. Enterprise funds are used to account for services provided on a total or partial cost-recovery basis to users. Enterprise funds are reported on an "accrual basis" of accounting similar to private sector companies. Accrual basis is the basis of accounting under which revenues and gains are recorded when earned, and all expenses and losses are recorded when incurred.

The financial statements consist of the *Statement of Net Position; Statement of Revenues, Expenses and Changes in Net Position; Statement of Cash Flows; and Notes to Financial Statements.*

The *Statement of Net Position* reports all of the District's assets, deferred outflows of resources, liabilities, deferred inflows of resources, and net position in a format displaying *assets, plus deferred outflows of resources, less liabilities, less deferred inflows of resources, equals net position.* Over time, increases or decreases in net position serve as an indicator of whether the District's financial position improves or declines.

The *Statement of Revenues, Expenses and Changes in Net Position* presents information on the District's operating results and how the net position changed during the fiscal year. Revenues are recorded when earned and expenses are recorded when incurred regardless of the timing of related cash flows. This statement measures the success of the District's operations over the past year and can be used to determine whether the District has successfully recovered all its costs through user fees and other charges.

The *Statement of Cash Flows* reflects changes in cash and cash equivalents resulting from operating, capital spending, and related financing, non-capital financing, and investing activities. This statement summarizes cash inflows (receipts) and outflows (disbursements) without consideration of the timing of the event giving rise to the obligation or receipt and excludes non-cash transactions such as depreciation and amortization.

DELTA DIABLO
MANAGEMENT'S DISCUSSION & ANALYSIS
for the Fiscal Year Ended June 30, 2021

The *Notes to the Financial Statements* provide additional information that is essential to a full understanding of the data provided in the basic financial statements. The notes begin on page 38 of this report.

Other Information

In addition to the basic financial statements and accompanying notes, the ACFR also presents an introductory section, certain required supplementary information concerning the District's progress in funding its obligation to provide pension and other post-employment healthcare benefits to its employees, supplementary information by fund, and a statistical section.

FINANCIAL ANALYSIS

Financial Highlights

In FY20/21, the District continued to effectively manage its finances and strengthen its financial position by adopting sufficient service charges to fund operations, capital improvements, future other post-employment benefits (OPEB), and maintain strong financial performance. The District implemented Governmental Accounting Standards Board (GASB) Statement Number 95, Postponement of the Effective Dates of Certain Authoritative Guidance. The new accounting rule did not require any changes to the District's financial report. The following results of operations in FY20/21 indicate a continuing strong and stable fiscal position:

- Total assets plus deferred outflows of the District exceeded the total liabilities and deferred inflows by \$196.2 million (net position)
- Net position increased by \$19.8 million (11.2%)
- Total assets plus deferred outflows increased \$25.7 million (11.1%)
- Total liabilities plus deferred inflow of resources increased by \$5.9 million (10.8%)
- Total operating revenue was \$41.3 million, an increase of \$2.7 million (6.9%)
- Total operating expenses were \$31.7 million, a decrease of \$3.6 million (10.3%)
- Capital contributions were \$6.8 million, an increase of \$5.2 million (338.6%)

Financial Position

In FY20/21, the District's net position increased by \$19.8 million (11.2%) to \$196.2 million from \$176.4 million. The largest portion of the District's net position, \$130.3 million (66.4%), is invested in capital assets necessary to provide services to its customers. Total assets plus deferred outflows increased by \$25.7 million (11.1%) during the year to \$257.1 million from \$231.4 million. Total liabilities plus deferred inflow of resources increased by \$5.9 million (10.8%) to \$60.9 million from \$55.0 million.

In FY19/20, the District's net position increased by \$8.8 million (5.3%) to \$176.4 million from \$167.6 million. The largest portion of the District's net position, \$124.1 million (70.8%), is invested in capital assets necessary to provide services to its customers. Total assets plus deferred outflows increased by \$13.7 million (6.3%) during the year to \$231.4 million from \$217.7 million. Total liabilities plus deferred inflow of resources increased by \$4.8 million (9.7%) to \$55.0 million from \$50.2 million. Additional information on long-term debt, net pension liability, and net OPEB liability is provided in the accompanying *Notes to the Financial Statements* (refer to Note 7 – Long-term Debt and Note 8 – Retirement).

**DELTA DIABLO
MANAGEMENT'S DISCUSSION & ANALYSIS
for the Fiscal Year Ended June 30, 2021**

The FY20/21 increase in net position of \$19.8 million was primarily due to net operating income of \$9.6 million and net operating income of \$10.2 million.

Table 1 below presents the District's Condensed Statement of Net Position for the FYs ended June 30, 2021, 2020, and 2019:

Table 1
Condensed Statement of Net Position

	Fiscal Year Ended June 30			2021 vs 2020	2020 vs 2019

Unrestricted	<u>64,759,101</u>	<u>50,479,335</u>	<u>48,218,545</u>	28.3%	4.7%
Total net position	<u>\$ 196,200,243</u>	<u>\$ 176,417,365</u>	<u>\$ 167,583,623</u>	11.2%	5.3%

Results of Operations

In FY20/21, the District's total operating revenue was \$41.3 million and total operating expense was \$31.7 million, which represented an increase of \$2.7 million and a decrease of \$3.6 million, respectively, from FY19/20.

The major components of the District's financial results in FY20/21 were:

- Operating revenue increased by \$2.7 million (6.9%), \$1.6 million is due to increases in Sewer Service Charges (SSCs) and Recycled Water Service Charges (RWSCs). SSC's increased by 3.5% for customers in Pittsburg and Antioch while Bay Point customers has a 3% increase. RWSCs also increased by 2.0%. In addition to increased Sewer Service Charges, Other Operating Services Charges increased \$1.1 million for reimbursable projects.
- Labor costs, consisting of salaries and benefits, decreased by \$2.5 million (15.2%), primarily due a (\$2.2) million decrease in GASB 68 pension and GASB 75 OPEB expense. Savings from vacant positions, offset by employee Memoranda of Understanding (MOU) Cost-of-Living Adjustment (COLA) increases in salaries and benefits also contributed to the savings.

DELTA DIABLO
MANAGEMENT'S DISCUSSION & ANALYSIS
for the Fiscal Year Ended June 30, 2021

- Other operating items decreased \$0.7 million (19.9%) for expenses related to the East County Bioenergy Project that was discontinued in FY19/20.
- Property tax revenue increased \$0.3 million (10.9%) due to the increase in property values.
- Interest income decreased \$1 million (80.6%), primarily due to a decreased rate-of-return from a weighted average of 2.0% in FY19/20 to 0.4% and a decrease of \$3.0 million invested throughout FY20/21.
- Capital contributions increased \$5.2 million (338.6%) due to the issuance of 1,407 new equivalent residential unit (ERU) permits in FY20/21 compared to 304 ERU permits in FY19/20.
- Other non-operating items increased \$0.3 million (255.1%) due to the receipt of federal and state grants totaling \$0.3 million (compared to \$0.1 million in FY19/20).

The major components of the District's financial results in FY19/20 were:

- Operating revenue increased by \$1.8 million (4.9%), primarily due to increases in Charges SSCs and RWSCs. SSC's increased by 3.5% for customers in Pittsburg and Antioch while Bay Point customers has a 3% increase. RWSCs also increased by 8.6%.
- Labor costs, consisting of salaries and benefits, decreased by \$1.3 million (7.5%), primarily due a decrease in contributions of \$0.5 million to the OPEB pension and OPEB trust accounts, \$0.9 million decrease in GASB 68 pension and GASB 75 OPEB expense, savings from vacant positions, offset by employee Memoranda of Understanding (MOU) Cost-of-Living Adjustment (COLA) increases in salaries and benefits.
- Other operating items increased \$1.3 million (69.7%) for expenses related to the east county bioenergy project that was discontinued in FY19/20.
- Property tax revenue increased \$0.1 million (4.5%) due to the increase in property values.
- Interest income decreased \$0.4 million (22.6%), primarily due to a decreased rate-of-return from a weighted average of 2.4% in FY18/19 to 2.0% and an increase of \$3.0 million invested throughout FY19/20.
- Capital contributions decreased to \$1.1 million (41.6%) due to the issuance of 304 new ERU permits in FY19/20 compared to 582 ERU permits in FY18/19.
- Other non-operating items decreased \$0.7 million (88%) due to the receipt of federal and state grants totaling \$0.1 million (compared to \$0.8 million in FY18/19).

Net position - end of year	\$ 196,200,243	\$ 176,417,365	\$ 167,583,623	11.2%	5.3%

Capital Assets

The District had capital assets (net of depreciation) of \$163.7 million, \$148.6 million, and \$141.9 million as of June 30, 2021, 2020, and 2019, respectively. The District invests in a broad range of capital assets including land, buildings, improvements, wastewater treatment facilities, water reclamation facilities, hazardous waste facilities, transmission and conveyance systems, pump stations, and machinery and equipment. In FY20/21, capital assets increased \$15.1 million, primarily due \$15.2 million in new construction for major projects, \$0.5 million in new equipment, and a net change of \$6.8 million in accumulated depreciation. The District capitalized \$6.1 million construction-in-progress expenses.

**DELTA DIABLO
MANAGEMENT'S DISCUSSION & ANALYSIS
for the Fiscal Year Ended June 30, 2021**

Table 3 presents the District's Capital Assets, net of depreciation, for FY20/21, FY19/20, and FY18/19:

Table 3
Schedule of Capital Assets, Net of Depreciation

	Fiscal Year Ended June 30			2021 vs 2020	2020 vs 2019
	2021	2020	2019	Variance	Variance
Land	\$ 6,490,355	\$ 6,490,355	\$ 6,490,355	0.0%	0.0%
Construction in progress	39,393,899	24,154,621	10,426,167	63.1%	131.7%
Treatment & collection system	117,182,461	117,826,216	124,798,878	-0.5%	-5.6%
Equipment	674,730	167,101	196,957	303.8%	-15.2%
Capital Assets, Net of Depreciation	\$ 163,741,445	\$ 148,638,293	\$ 141,912,357	10.2%	4.7%

The District's net revenue, long-term debt, property tax revenue, and contributions from customers are used to finance capital investments.

This year's major capital expenditures included:

Project	Amount
Permanent Brine Transfer Facility	\$ 1,356,093
Headworks Improvements	13,990,502
Treatment Plant Electrical Switchgear Replacement	2,236,567
Pump Station Facility Repair	13,353,940
Primary Clarifier Area Improvement	4,221,813
Bridgehead Pipeline Replacement	1,192,095
Total	\$ 36,351,010

The District's Capital Improvement Program (CIP) prioritizes capital needs with funding sources for a five-year period. The plan is updated annually and presented to the District's Board of Directors for approval. Each year, the District continues to expand and improve its wastewater and recycled water treatment facilities, and conveyance and distribution systems to comply with more stringent environmental regulations and minimize wastewater overflows and/or disruptions of service. For additional information, see accompanying *Notes to the Financial Statements* Note 5 – Capital Assets.

Debt Administration

The District had total net long-term debt outstanding of \$33.4 million, \$23.7 million, and \$23.5 million as of June 30, 2021, 2020, and 2019, respectively. In FY20/21, long-term debt increased by \$9.7 million (41.1%) due to an increase of \$10.8 million in the State of California Water Resources Control Board's State Revolving Fund (SRF) loans for the Wastewater Infrastructure Repair and Rehabilitation Projects, which was offset by scheduled principal repayments. The District did not issue any new bonded debt in FY20/21.

**DELTA DIABLO
MANAGEMENT’S DISCUSSION & ANALYSIS
for the Fiscal Year Ended June 30, 2021**

Table 4 presents the District’s Long-Term Debt for the FY20/21, FY19/20, and FY18/19.

Table 4
Schedule of Long-Term Debt

	Fiscal Year Ended June 30			2021 vs 2020	2020 vs 2019
	2021	2020	2019	Variance	Variance
2010 RW State Revolving Fund (SRF) Loan	\$ 3,174,859	\$ 3,491,004	\$ 3,806,905	-9.1%	-8.3%
2011 WW Installment Note Payable	1,270,253	1,348,274	1,419,331	-5.8%	-5.0%
2011 WW SRF Loan	3,327,521	3,561,285	3,789,125	-6.6%	-6.0%
2015 WW California Energy Commission Loan	413,518	462,927	511,834	-10.7%	-9.6%
2015 Bay Point SRF Loan	988,509	1,020,787	1,052,464	-3.2%	-3.0%
2016 WW/Bay Point SRF Loan	10,460,294	10,769,253	11,072,449	-2.9%	-2.7%
2016 WW SRF Loan	1,793,200	1,848,847	1,903,454	-3.0%	-2.9%
2019 WW SRF Loan	8,822,698	1,206,169	-	631.5%	100.0%
2020 WW SRF Loan	3,198,734	-	-	100.0%	0%
Total Long-Term Debt	\$ 33,449,586	\$ 23,708,546	\$ 23,555,562	41.1%	0.6%

The outstanding debt issued was used to fund improvements, replacements, and expansion of the wastewater treatment and recycled water treatment facilities, conveyance and distribution systems, and wastewater collection systems. The primary funding source for repayment of debt issued for expansion purposes is the Capital Facilities Capacity Charge (CFCC).

The District received a reaffirmation of its “AA” credit rating from Standard & Poor’s in November 2015, which represents the District’s very strong capacity to meet its financial commitments. The primary reason for the reaffirmation was the District Board’s willingness to continue to adjust rates incrementally, and the very prudent approach to collect and set aside funds for the acquisition or construction of new capital assets and for the maintenance, rehabilitation, and replacement of current capital assets. Additionally, the District’s strong financial performance, debt service coverage, and strong liquidity built on competitive rates; manageable capital plan with expansion costs historically financed from capacity fees; and a stable and diverse customer base largely collected through the County’s Teeter Plan supported the AA credit rating.

ECONOMIC FACTORS AND NEXT FISCAL YEAR’S BUDGETS AND RATES

Economic Factors

The District operates as an enterprise fund and is therefore self-supporting. The District charges rates and fees to users to cover the costs of operations and capital improvements. Economic factors that may affect the District include, but are not limited, to the following:

- Economic cycle, which impacts CFCCs as new development projects are highly sensitive to the economic cycle. Economic cycle including the uncertainty regarding COVID-19 also impacts the federal and state budgets and legislation, which could affect the District’s ability to secure grant funding and low-interest loans.
- Interest rate and/or investment return, which directly impact investment earnings, borrowing costs, and pension and OPEB contribution rates.

DELTA DIABLO
MANAGEMENT'S DISCUSSION & ANALYSIS
for the Fiscal Year Ended June 30, 2021

- Consumer price index (CPI), which is a measure of inflation. CPI for San Francisco-Oakland-Hayward directly impacts COLAs provided in the employee MOUs and costs for supplies and expenses.
- Crude oil prices impact the energy market for electricity and gas prices and the chemicals used for wastewater treatment. The District's chemical and utilities expenses ranged from \$3.5 million to \$3.2 million in the three-year period ending FY20/21.
- Changes in assessed property values, which affect the District's property tax revenue. When the housing market improves, the assessed property values increase, thereby increasing the District's property tax receipts. Conversely, any decline in the housing market will decrease property values and correspondingly decrease property tax receipts for the District.

These factors, to the extent known, were considered in preparing the District's budget for FY21/22.

Next Fiscal Year's Budget and Rates:

In June 2021, the Board adopted the FY21/22 Budget, which included operating and capital budgets including debt service of \$29.3 million and \$14.2 million, respectively. For a summary of the District's FY21/22 Budget, please visit the District's website at www.deltadiablo.org.

In April 2021, Proposition 218 (Prop. 218) notices were mailed to customers to communicate the proposed FY21/22 rates and the associated public hearing date and location. The District proposed an increase of 6.5% in SSCs for customers in Pittsburg and Antioch, and an increase of 5.9% for customers in Bay Point. In June 2021, a public hearing was held and the Board of Directors subsequently approved FY21/22 SSCs for implementation in July 2021.

REQUESTS FOR INFORMATION

The ACFR is designed to provide members of the public, legislative and oversight bodies, customers, taxpayers, investors, and creditors with the District's finances and demonstrate the District's accountability for the funding it receives. If you have questions regarding the information provided in this report or need additional financial information, please visit the District's website at www.deltadiablo.org or the District office at 2500 Pittsburg-Antioch Highway, Antioch, California, 94509.

DELTA DIABLO
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED JUNE 30, 2021 AND 2020

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
--

A. *General*

Delta Diablo (District), formerly known as Delta Diablo Sanitation District, was formed in 1955 and later incorporated in October 1976 to serve the cities of Antioch and Pittsburg and the unincorporated community of Bay Point. Treatment of the wastewater collected from the three communities began in 1982.

The District constructs and operates subregional wastewater facilities and is responsible for maintenance of the collection system in Bay Point.

The District is divided into three separate zones and may impose different service charges for each area in accordance with the benefits received by those areas.

The Other Post-Employment Benefit Trust Fund is an irrevocable trust to account for contributions and investment income restricted to pay medical benefits. Benefit and contribution provisions are established by the Board of Directors. Eligibility, actuarial interest rates, administration and certain other tasks are the responsibility of the Board established by action of the Board. The financial activities of the Plan have been included in these financial statements in the OPEB Trust Fund. The Plan does not issue separate financial statements.

B. *Reporting Entity*

As required by generally accepted accounting principles (GAAP), these basic financial statements present Delta Diablo and its component unit. The component unit discussed in the following paragraph is included in the District's reporting entity because of the significance of its operational or financial relationships with the District.

Blended Component Unit – The Delta Diablo Integrated Financing Corporation (Corporation) was organized November 1, 1988, under the Non-Profit Public Benefit Corporation Law of the State of California solely for the purpose of providing financial assistance to the District by acquiring, constructing, improving and financing various facilities, land and equipment, and by leasing or selling certain facilities, land and equipment for the use and benefit of the public served by the District. The Corporation has no members and the Board of Directors of the Corporation consists of the same persons who are serving as the Board of Directors of the District. There are no separate basic financial statements for the Corporation.

C. *Basis of Accounting*

Basic Financial Statements are prepared in conformity with accounting principles generally accepted in the United States of America. The Governmental Accounting Standards Board (GASB) is the acknowledged standard setting body for establishing accounting and financial reporting standards followed by governmental entities in the U.S.A.

The Statements of Net Position and the Statements of Revenues, Expenses and Changes in Net Position display information about Delta Diablo. Eliminations have been made to minimize the double counting of internal activities. Business-type activities are financed in whole or in part by fees charged to external parties.

DELTA DIABLO
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED JUNE 30, 2021 AND 2020

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The District is a proprietary entity; it uses an enterprise fund format to report its activities for financial statement purposes. Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business enterprises, where the intent of the governing body is that the cost and expenses, including depreciation, of providing goods or services to its customers be financed or recovered primarily through user charges; or where the governing body has decided that periodic determination of revenues earned, expense incurred, and net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

Enterprise funds are used to account for activities similar to those in the private sector, where the proper matching of revenues and costs is important and the full accrual basis of accounting is required. With this measurement focus, all assets and liabilities of the enterprise are recorded on its statement of net position, all revenues are recognized when earned and all expenses, including depreciation, are recognized when incurred.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Nonoperating revenues, such as subsidies and investment earnings, result from nonexchange transactions or ancillary activities.

In addition to the District's enterprise activities, the District maintains a fiduciary fund to account for the assets held in a trustee capacity. Fiduciary funds are also accounted for using the economic resources measurement focus and accrual basis of accounting. The District reports the following fiduciary fund:

The Other Post-Employment Benefits Trust Fund (OPEB Trust Fund) is an irrevocable trust fund used to account for assets held by the District as Trustee for the other postemployment benefits as further described in Note 9.

D. Budgets and Budgetary Accounting

The District annually prepares and presents a proposed annual operating and capital budget to the District's Board of Directors. The budget is reviewed and adopted by the Board. The District has a five-year Capital Improvement Program which is updated annually and adopted by the Board. Budgetary controls are used and maintained by the District to facilitate compliance with the annually appropriated budget.

E. Use of Estimates

The preparation of basic financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

F. Compensated Absences

The total amount of liability for compensated absences is reflected in the basic financial statements. See Note 6 for additional information regarding compensated absences.

DELTA DIABLO
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED JUNE 30, 2021 AND 2020

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)
--

G. *Cash and Cash Equivalents*

For purposes of the statement of cash flows, the District defines cash and cash equivalents to include all cash and temporary investments with original maturities of three months or less from the date of acquisition.

H. *Materials and Supplies*

Inventories consist of operational materials and supplies, which are valued using the weighted average costing method.

I. *Revenues – Capital Facilities Capacity Charges*

Capital Facilities Capacity Charges (CFCC) are a one-time, non-discriminatory charge imposed at the time a structure is connected to the District's system, directly or indirectly, or an existing structure or category of use is expanded or increased. The charge is to pay for District facilities in existence at the time the charge is imposed, or to pay for new facilities to be constructed in the future, that are of benefit to the property being charged.

Revenues derived from these charges are used for the acquisition, construction and reconstruction of the wastewater collection, conveyance, treatment and disposal facilities of the District, to repay principal and interest on debt instruments, or to repay federal or state loans for the construction and reconstruction of the sewerage facilities, together with costs of administration and provisions for necessary reserves.

J. *Deferred Outflows/Inflows of Resources*

In addition to assets, the balance sheet will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the balance sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as inflow of resources (revenue) until that time.

DELTA DIABLO
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED JUNE 30, 2021 AND 2020

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

K. Fair Value Hierarchy

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The fair value hierarchy categorizes the inputs to valuation techniques used to measure fair value into three levels based on the extent to which inputs used in measuring fair value are observable in the market.

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 inputs are inputs, other than quoted prices included within level 1, that are observable for an asset or liability, either directly or indirectly.

Level 3 inputs are unobservable inputs for an asset or liability.

If the fair value of an asset or liability is measured using inputs from more than one level of the fair value hierarchy, the measurement is considered to be based on the lowest priority level input that is significant to the entire measurement.

L. Implementation of Governmental Accounting Standards Board (GASB) Pronouncements

Management adopted the provisions of the following Governmental Accounting Standards Board (GASB) Statement, which became effective during the year ended June 30, 2021.

GASB 90 – Majority Equity Interests—an amendment of GASB Statements No. 14 and No. 61– This Statement improves the consistency and comparability of reporting a government’s majority equity interest in a legally separate organization and improves the relevance of financial statement information for certain component units.

This space intentionally left blank

DELTA DIABLO
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED JUNE 30, 2021 AND 2020

NOTE 2 – CASH AND INVESTMENTS (Continued)

A. Policies

The District and its fiscal agents invest in individual investments and in investment pools. Individual investments are evidenced by specific identifiable pieces of paper called *securities instruments*, or by an electronic entry registering the owner in the records of the institution issuing the security, called the *book entry* system. In order to maximize security, the District employs the Trust Department of a bank as the custodian of all District managed investments, regardless of their form.

California Law requires banks and savings and loan institutions to pledge government securities with a market value of 110% of the District's cash on deposit or first trust deed mortgage notes with a value of 150% of the District's cash on deposit as collateral for these deposits. Under California Law this collateral is held in an investment pool by an independent financial institution in the District's name and places the District ahead of general creditors of the institution pledging the collateral.

The District's investments are carried at fair value, as required by generally accepted accounting principles. The District adjusts the carrying value of its investments to reflect their fair value at each fiscal year end, and it includes the effects of these adjustments in income for that fiscal year. In the District's case, fair value equals fair market value, since all District's investments are readily marketable.

B. Classification

Cash and investments are classified in the financial statements as shown below, based on whether or not their use is restricted.

	June 30,	
	2021	2020
Cash and cash equivalents	\$ 20,354,091	\$ 19,642,362
Investments	8,691,385	8,183,127
Restricted cash and cash equivalents	498,551	57,018
Restricted investments	1,149,283	1,008,283
Committed investments	52,223,629	42,701,341
Cash and investments held with OPEB trust	20,387,709	15,808,507
Total Cash and Investments	\$ 103,304,648	\$ 87,400,638

The District's cash and investments consist of the following as of:

	June 30,	
	2021	2020
Cash on hand	\$ 600	\$ 600
Cash with County Treasury Pool	2,176,777	1,818,668
Deposits with financial institutions	18,675,265	17,880,112
Investments	62,064,297	51,892,751
Cash and investments held with OPEB trust	20,387,709	15,808,507
Total Cash and Investments	\$ 103,304,648	\$ 87,400,638

DELTA DIABLO
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED JUNE 30, 2021 AND 2020

NOTE 2 – CASH AND INVESTMENTS (Continued)

C. Investments Authorized by the California Government Code and the District’s Investment Policy

The District’s Investment Policy and the California Government Code allow the District to invest in the following, provided the credit ratings of the issuers are acceptable to the District and approved percentages and maturities are not exceeded. The table below also identifies certain provisions of the California Government Code or the District’s Investment Policy, where it is more restrictive, that address interest rate risk, credit risk and concentration of credit risk.

<u>Authorized Investment Type</u>	<u>Maximum Maturity</u>	<u>Minimum Credit Quality</u>	<u>Maximum Percentage of Portfolio</u>	<u>Maximum Investment in One Issuer</u>
United States Treasury Obligations	5 years		100%	No Limit
United States Government Agency Obligations	5 years		100%	No Limit
State of California Obligations	5 years		100%	No Limit
Local Agency Obligations	5 years		100%	No Limit
Banker’s Acceptances	180 days		40%	30%
Commercial Paper	270 days	A-1	25%	10%
United States Medium-Term Corporate Notes	5 years	AA	30%	No Limit
Supranationals	5 years	AA	30%	No Limit
Negotiable Certificates of Deposit	1 year	AA	30%	No Limit
Local Agency Investment Fund	n/a		\$ 75 million per account	No Limit
Local Government Investment Pools	n/a	AAA	100%	No Limit
Money Market Mutual Funds	n/a		15%	10%
Insured savings or money market accounts	n/a		100%	No Limit

D. Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Normally, the longer the maturity of an investment, the greater the sensitivity of its fair value changes in market interest rates. The District generally manages its interest rate risk by holding investments to maturity which is required by the District’s Investment Policy.

Information about the sensitivity of the fair values of the District’s investments (including investments held by bond trustees) to market interest rate fluctuations is provided by the following table that shows the distribution of the District’s investments by maturity or earliest call dates, at June 30, 2021:

<u>Investment Type</u>	<u>12 Months or less</u>	<u>Total</u>
California Local Agency Investment Fund	\$ 56,772,578	\$ 56,772,578
California Asset Management Program	5,290,337	5,290,337
Money Market Mutual Funds	1,382	1,382
Total Investments	\$ 62,064,297	\$ 62,064,297

NOTE 2 – CASH AND INVESTMENTS (Continued)

Information about the sensitivity of the fair values of the District’s investments (including investments held by bond trustees) to market interest rate fluctuations is provided by the following table that shows the distribution of the District’s investments by maturity or earliest call dates, at June 30, 2020:

<u>Investment Type</u>	<u>12 Months or less</u>	<u>Total</u>
California Local Agency Investment Fund	\$ 46,609,201	\$ 46,609,201
California Asset Management Program	5,282,168	5,282,168
Money Market Mutual Funds	1,382	1,382
Total Investments	\$ 51,892,751	\$ 51,892,751

The District is a participant in the Local Agency Investment Fund (LAIF) that is regulated by California Government Code Section 16429 under the oversight of the Treasurer of the State of California. The District reports its investment in LAIF at the fair value amount provided by LAIF, which is the same as the value of the pool share. The balance is available for withdrawal on demand, and is based on the accounting records maintained by LAIF, which are recorded on an amortized cost basis. Included in LAIF’s investment portfolio are collateralized mortgage obligations, mortgage-backed securities, other asset-backed securities, loans to certain state funds, and floating rate securities issued by federal agencies, government-sponsored enterprises, United States Treasury Notes and Bills, and corporations. At June 30, 2021 and 2020, these investments matured in an average of 291 and 191 days, respectively.

The District is a participant in the California Asset Management Program (CAMP). CAMP is an investment pool offered by the California Asset Management Trust (the Trust). The Trust is a joint powers authority and public agency created by the Declaration of Trust and established under the provisions of the California Joint Exercise of Powers Act (California Government Code Sections 6500 et seq., or the “Act”) for the purpose of exercising the common power of CAMP participants to invest certain proceeds of debt issues and surplus funds. CAMP investments are limited to investments permitted by subdivisions (a) to (n), inclusive, of Section 53601 of the California Government Code. At June 30, 2021 and 2020, these investments had an average maturity of 52 and 53 days, respectively.

Money market mutual funds are available for withdrawal on demand. At June 30, 2021 and 2020 these investments had an average of 28 and 44 days, respectively.

The District has authorized staff to deposit cash with the Contra Costa County Treasurer in a series of pooled accounts with cash from various other governmental entities within the County, for investment purposes. The County’s investment policies are governed by State statutes. In addition, the County has an investment committee, which prescribes written investment policies regarding the types of investments that may be made. The policies limit amounts that may be invested in any one financial institution or amounts, which may be invested in long-term instruments. Interest earned from such time deposits and investments is allocated quarterly to the District based on its average daily cash balances. The fair value of the account at June 30, 2021 and 2020 was provided by the County Treasurer.

NOTE 2 – CASH AND INVESTMENTS (Continued)

F. Credit Risk

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Presented below is the actual rating as of June 30, 2021 for each investment type as provided by Moody’s investment rating system:

Investment Type	Aaa	Total
Money Market Mutual Funds	\$ 1,382	\$ 1,382
Total	\$ 1,382	1,382
Not Rated:		
California Local Agency Investment Fund		56,772,578
California Asset Management Program		5,290,337
Total Investments		\$62,064,297

Presented below is the actual rating as of June 30, 2020 for each investment type as provided by Moody’s investment rating system:

Investment Type	Aaa	Total
Money Market Mutual Funds	\$ 1,382	\$ 1,382
Total	\$ 1,382	1,382
Not Rated:		
California Local Agency Investment Fund		46,609,201
California Asset Management Program		5,282,168
Total Investments		\$51,892,751

G. Concentration Risk

There are no instances of concentration risk at June 30, 2021 and June 30, 2020.

DELTA DIABLO

FOR THE FISCAL YEARS ENDED JUNE 30, 2021 AND 2020

NOTE 2 – CASH AND INVESTMENTS (Continued)

H. Restricted Cash and Investments

The District segregates cash and investments into funds that are “Restricted” and “Unrestricted.” Funds are “restricted” when limitations on use of the resources are imposed by creditors, grantors, contributors, laws or regulations of other governments, or imposed by law through constitutional provision or by enabling legislation. “Unrestricted” resources are designated by the Board of Directors through policy adoption, or constrained for a specific purpose by committees or officials with authority delegated by the Board.

Restricted for Debt Service – State Revolving Fund Loan – The District has restricted investments in reserves as required by the agreement between the District and the California State Water Resources Control Board State Revolving Fund Loan (SRF) in the amount of \$1,149,283 and \$1,008,283 at June 30, 2021 and 2020, respectively.

Restricted for Escrow – Headworks Improvement Project – The District held \$498,551 and \$57,018 at June 30, 2021 and 2020, respectively, in escrow related to retentions on the construction project.

I. Board Committed Investments

The District has the following committed investments as of June 30:

Committed for Economic Uncertainty – The District has committed investments to ensure the continued ability to provide wastewater services during budget shortfalls or unforeseen circumstances and provide adequate funding to mitigate overall rate volatility resulting from economic changes or events that significantly decrease the District’s revenues or increase the District’s operating costs. Funding amounted to \$9,633,028 and \$9,299,090 at June 30, 2021 and 2020, respectively.

Committed for Advanced Treatment (AT) – The District has committed investments for advanced treatment projects to meet more stringent anticipated discharge regulations (e.g., nutrient removal). Funding amounted to \$16,642,409 and \$19,746,369 at June 30, 2021 and 2020, respectively.

Committed for Self-Insurance – The District has committed investments to cover self-insured losses. Funding amounted to \$500,000 at June 30, 2021 and 2020.

J. Fair Value Hierarchy

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure fair value of the assets. Level 1 inputs are quoted prices in an active market for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs.

The following is a summary of the fair value hierarchy of the fair value of investments of the District as of June 30, 2021:

**DELTA DIABLO
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED JUNE 30, 2021 AND 2020**

NOTE 3 – NOTES RECEIVABLE

Notes receivable at June 30 consisted of the following:

	2021	2020
Recycled Water:		
City of Antioch	\$ 2,509,621	\$ 2,759,522
City of Antioch - Surcharge	718,699	768,898
City of Pittsburg - Surcharge	77,313	113,578
Household Hazardous Waste:		
Contra Costa County	55,437	57,854
 Total Notes Receivable	 3,361,070	 3,699,852
Less: Current Portion	(342,903)	(338,783)
 Long-Term Portion	 \$ 3,018,167	 \$ 3,361,069

Recycled Water (RW): City of Antioch – The District and the City of Antioch (City) entered into a Joint Powers Agreement on November 18, 2003, for the purpose of development and operation of a “Recycled Water Program” (the Project). Under the provisions of the agreement, the Project is to be jointly funded (50/50) by the District and the City. The District is authorized to design, construct, own, operate and regulate the facilities.

In fiscal year 2010/2011 (FY 2011), the District recognized a Note Receivable in the amount of \$5,753,348 from the City of Antioch for their net share of the costs for this project. This note has an interest rate of .077% with principal and interest due annually commencing December 31, 2011 and maturing on December 31, 2030. On June 10, 2012, the District and the City of Antioch amended the Joint Powers Agreement to cap this Notes Receivable to a maximum of \$5,000,000. As of June 30, 2021 and 2020, the outstanding balance was \$2,509,621 and \$2,759,522, respectively.

In FY 2012, additional project cost share incurred in excess of \$5 million in the amount of \$1,102,272 will be financed by the District at an interest rate of 4.25% with principal and interest due monthly over a 20-year term commencing July 1, 2012 and maturing on June 1, 2032. This monthly installment is billed to the City of Antioch as a Recycled Water Surcharge and annually amounts to \$81,908. The outstanding balance as of June 30, 2021 and 2020 was \$718,699 and \$768,898, respectively.

City of Pittsburg – The District and the City of Pittsburg (City) entered into a Joint Powers Agreement on November 24, 1999, for the purpose of development and operation of a “Recycled Water Program” (the Project). The goal of this project is to construct a conveyance system and transport recycled water to the City’s golf course and certain parks to reduce the City’s reliance on treated drinking water for irrigation. Under the provisions of the agreement, the Project is to be jointly funded by the District and the City. The City is responsible for the design and construction of the Project. The District will operate and maintain after construction is completed. The original project was completed, however, it was discovered that a portion of the previously existing line needs to be rehabilitated in order to ensure reliability. The estimated cost for this rehabilitation project was \$1,500,000. Of this amount, the City has agreed to pay a maximum of \$375,000 payable over a 10-year term with an interest of 4.25 percent (prime plus 1 percent).

**DELTA DIABLO
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED JUNE 30, 2021 AND 2020**

NOTE 3 – NOTES RECEIVABLE (Continued)

The actual cost of this rehabilitation amounted to \$328,583. The District recognized a Note Receivable for this amount with principal and interest due monthly commencing July 1, 2013 and maturing on June 1, 2023. This monthly installment is billed to the City of Pittsburg as a Recycled Water Surcharge and annually amounts to \$40,391. The outstanding balance as of June 30, 2021 and 2020 was \$77,313 and \$113,578, respectively.

Household Hazardous Waste (HHW) – The District owns and operates a Household Hazardous Waste (HHW) and a Conditionally Exempt Small Quantity Generator (CESQG) waste collection facility. In an agreement dated July 1, 2002, Contra Costa County, Ironhouse Sanitary District and the Cities of Antioch, Brentwood and Pittsburg (Subscribers) agreed to reimburse the District for capital costs in planning and constructing the household hazardous waste facility.

On April 9, 2008, this agreement was amended and includes capital cost sharing minus any grants received for the planning and construction of the new facility expansion. The Delta Household Hazardous Waste Collection Facility (DHHWCF) expansion was completed in September 2009. Per the provisions of this amendment, the outstanding principal balance from the original facility construction will be combined with the new facility expansion costs, to be re-paid over a 25-year period with interest at 6% per annum. Total capital costs were allocated to the Subscribers based on the number of housing units in each Subscriber’s jurisdiction. The City of Brentwood and Ironhouse Sanitary District have paid their respective shares in full. The total outstanding balance of the loan as of June 30, 2021 and 2020 were \$55,437 and \$57,854, respectively.

NOTE 4 – EMPLOYEE COMPUTER LOANS RECEIVABLE

The District provides a zero interest loan to its employees for the purchase of personal computers. These loans are payable in a maximum of 78 equal payroll deductions (3 years). The maximum amount each employee may borrow is \$2,500. The loan receivable balances were as follows as of June 30:

	2021	2020
Employee computer loans	\$ 3,744	\$ 5,414
Less: Current portion	(2,490)	(4,429)
Long-term portion	\$ 1,254	\$ 985

DELTA DIABLO
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED JUNE 30, 2021 AND 2020

NOTE 5 – CAPITAL ASSETS

Property, plant and equipment are recorded at the time of purchase and are capitalized at cost. The District capitalizes as part of the asset cost, any significant interest incurred during the construction phase of the asset. Contributed capital assets are valued at their estimated fair market value on the date contributed. Donated capital assets, donated works of art and similar items, and capital assets received in a service concession arrangement are reported at acquisition value rather than fair value. The District defines capital assets as property, plant and equipment with an initial individual cost of \$5,000 and an estimated useful life in excess of one year.

Depreciation is provided using the straight-line method for assets other than land and construction in progress. Estimated useful lives are as follows:

Conveyance and collection systems	50 years
Treatment plant	40 years
Office furniture	15 years
Shop, lab and other equipment	10 years
Computer equipment	3 years
Vehicles	3 years

DELTA DIABLO
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED JUNE 30, 2021 AND 2020

NOTE 6 – COMPENSATED ABSENCES

Accumulated unpaid vacation and compensatory time have been accrued at year end. Accumulated unpaid sick pay is not included in the amount for accrued benefits due to the contingent nature of any future payment.

The changes in compensated absences were as follows for the fiscal years ended June 30:

	2021	2020
Beginning Balance	\$1,056,402	\$913,343
Additions	776,960	1,139,719
Payments	(797,877)	(996,660)
Ending Balance	\$1,035,485	\$1,056,402
Current Portion	765,798	892,511
Non-Current Portion	\$269,687	\$163,891

In addition, the Board has set up a Catastrophic Leave Bank, which accumulates up to 40 hours from each terminated employee's forfeited sick leave. Employees may also donate vacation hours. This time may be used by employees who have used all their sick leave due to catastrophic illness and need additional time off. Accumulated Catastrophic Leave at June 30, 2021 and 2020 was \$32,765 and \$43,786, respectively, and is included in the balance of Accrued Payroll and Benefits on the Statements of Net Position.

B. 2010 RW State Revolving Fund Loan

The District entered into a loan contract with the State of California Water Resources Control Board on July 8, 2009, for the purpose of financing the Antioch/Delta Diablo Sanitation District Recycled Water Project. The loan amount totals \$6,325,503 with a stated interest rate of 0.077% per annum over a 20-year term. The City of Antioch owes the District \$5,000,000 of this amount as part of their cost share for the Recycled Water Antioch Project (see Note 3 - Notes Receivable). Principal payments are due annually beginning on December 31, 2011 through the fiscal year 2030/31 and are paid from revenue received from the City of Antioch.

C. 2011 Installment Sale Agreement

On June 9, 2011, the District entered into an installment sale agreement (agreement) with Municipal Finance Corporation, which was subsequently assigned to City National Bank on June 22, 2011, for the purpose of financing a solar energy project. The agreement amount totals \$2,344,210 with a stated interest of 4.9% per annum, and is payable from revenues of the District. Principal and interest payments are due semi-annually on December 24 and June 24, commencing December 24, 2011 and maturing on June 24, 2031. The outstanding loan from directing borrowings contain a provision that in an event of default, they declare all principal components of the unpaid installment payments, together with all accrued and unpaid interest components immediately due.

DELTA DIABLO
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED JUNE 30, 2021 AND 2020

NOTE 7 – LONG-TERM DEBT (Continued)

D. 2011 WW State Revolving Fund Loan

The District entered into a loan contract with the State of California Water Resources Control Board on March 25, 2011, for the purpose of financing the Aeration System Improvement Project. The loan amount totals \$5,041,873 with a stated interest rate of 2.60% per annum. Principal payments are due annually beginning on April 3, 2014 through the fiscal year 2033.

E. 2015 California Energy Commission Loan

The District entered into a loan agreement with the California Energy Resources Conservation Development Commission on October 10, 2013, for the purpose of financing the Energy Savings Project. The project consists of energy savings projects to be installed at the Wastewater Treatment Plant. The loan amount totals \$700,000 at 1.00% interest per annum on the unpaid principal. Principal and interest payments are due semi-annually beginning on December 22, 2015 through the fiscal year 2029.

F. 2015 Bay Point State Revolving Fund Loan

On October 8, 2014, the District entered into a loan agreement with the State of California Water Resources Control Board for the purpose of financing the Bay Point Wastewater Infrastructure Repair and Rehabilitation Project (Phase 1). The loan principal totals \$1,188,820 with a 30-year term and stated interest of 1.9% per annum. Principal and interest payments are due semi-annually, on November 1 and May 1, commencing on November 1, 2015 and maturing on November 1, 2044.

G. 2016 Pittsburg State Revolving Fund Loan

On October 24, 2014, the District entered into a loan agreement with the State of California Water Resources Control Board for the purpose of financing the Pittsburg Forcemain Improvement Project. The loan principal totals \$12,000,000 with a 30-year term and stated interest of 1.9% per annum. Principal and interest payments are due semi-annually, on November 1 and May 1, commencing November 1, 2017 and maturing on November 1, 2046, from the Waste Water Fund (75%) and Bay Point Collection Fund (25%).

H. 2016 Wastewater State Revolving Fund Loan

On August 8, 2014, the District entered into a loan agreement with the State of California Water Resources Control Board for the purpose of financing Bay Point Wastewater Infrastructure Repair and Rehabilitation Project (Phase 3). The loan principal totals \$2,054,000 with a 30-year term and stated interest of 1.9% per annum. Principal and interest payments are due semi-annually, on November 1 and May 1, commencing on November 1, 2016 and maturing on November 1, 2045.

DELTA DIABLO
NOTES TO FINANCIAL STATEMENTS

NOTE 7 – LONG-TERM DEBT (Continued)

I. 2019 Wastewater State Revolving Fund Loan

On August 8, 2014, the District entered into a loan agreement with the State of California Water Resources Control Board for the purpose of financing the Pump Station Facility Repair (Phase 2). The loan principal totals \$13,500,000 with a 30-year term and stated interest of 1.9% per annum. Principal payments are due annually on July 31, and interest payments are due semi-annually, on July 31 and January 31. Payments commence on July 31, 2022 and mature on July 31, 2051. As of June 30, 2021, the District has drawn down a total of \$8,822,698.

J. 2020 Wastewater State Revolving Fund Loan

On August 8, 2014, the District entered into a loan agreement with the State of California Water Resources Control Board for the purpose of financing 2017 Sewer Pipeline Repair (Phase 4). The loan principal totals \$4,211,170 with a 30-year term and stated interest of 1.9% per annum. Principal payments are due annually on December 1, and interest payments are due semi-annually, on December 1 and June 1. Payments commence on November 1, 2021 and mature on December 1, 2050. As of June 30, 2021, the District has drawn down a total of \$3,198,734.

K. Debt Service Requirements

Annual debt service requirements are shown below for all long-term debt as of June 30, 2021:

For The Year Ending June 30	Direct Borrowings		
	Principal	Interest	Total
2022	\$ 1,178,878	\$ 489,372	\$ 1,668,250
2023	1,200,022	441,345	1,641,367
2024	1,445,887	669,548	2,115,435
2025	1,475,797	559,389	2,035,186
2026	1,506,667	532,220	2,038,887
2027 – 2031	7,924,344	2,221,011	10,145,355
2032 – 2036	4,999,650	1,539,075	6,538,725
2037 – 2041	4,802,915	1,078,986	5,881,901
2042 – 2046	5,225,190	601,027	5,826,217
2047 – 2051	2,939,070	194,004	3,133,074
2052 – 2053	751,166	14,429	765,595
Total payments due	<u>\$ 33,449,586</u>	<u>\$ 8,340,406</u>	<u>\$ 41,789,992</u>

**DELTA DIABLO
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED JUNE 30, 2021 AND 2020**

NOTE 8 – RETIREMENT

For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Plan and additions to/deductions from the Plan’s fiduciary net position have been determined on the same basis as they are reported by the CalPERS Financial Office. For this purpose, benefit payments (including refunds of employee contributions) are recognized when currently due and payable in accordance with the benefit terms. Investments are reported at fair value.

A. General Information about the Pension Plans

Plan Description – All qualified permanent and probationary employees are eligible to participate in the District’s Miscellaneous Employee Pension Rate Plan. The District’s Miscellaneous Rate Plan are part of the public agency cost-sharing multiple-employer, which is administered by the California Public Employees’ Retirement System (CalPERS). The employer participates in one cost-sharing multiple-employer defined benefit pension plan regardless of the number of rate plans the employer sponsors. Benefit provisions under the Plan are established by State statute and Board resolution. CalPERS issues publicly available reports that include a full description of the pension plan regarding benefit provisions, assumptions and membership information that can be found on the CalPERS website.

Benefits Provided – CalPERS provides service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of credited service, equal to one year of full time employment. Members with five years of total service are eligible to retire at age 50 with statutorily reduced benefits. All members are eligible for non-duty disability benefits after 10 years of service. The death benefit is one of the following: the Basic Death Benefit, the 1957 Survivor Benefit, or the Optional Settlement 2W Death Benefit. The cost of living adjustments for each plan are applied as specified by the Public Employees’ Retirement Law.

The Plan’s provisions and benefits in effect at June 30, 2021, are summarized as follows:

	Tier I	Miscellaneous Tier II	Tier III
	Prior to 6/30/12	6/30/12 to 12/31/12 and employees hired on or after 1/1/13 who are not a "new member"	On or after 1/1/13; new member
Hire date			
Benefit formula	2.7% @ 55	2.0% @ 55	2.0% @ 62
Benefit vesting schedule	5 years service	5 years service	5 years service
Benefit payments	monthly for life	monthly for life	monthly for life
Retirement age	55	55	62
Monthly benefits, as a % of eligible compensation	2.70%	2.00%	2.00%
Required employee contribution rates	8.00%	7.00%	7.25%
Required employer contribution rates	14.523%	11.269%	7.847%

CalPERS collects employer contributions for the Plan as a percentage of payroll for the normal cost portion as noted in the rates above and as a dollar amount for contributions toward the unfunded actuarial liability (UAL). The District’s total UALs for 2021 and 2020 were \$1,178,443 and \$992,686, respectively.

**DELTA DIABLO
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED JUNE 30, 2021 AND 2020**

NOTE 8 – RETIREMENT (Continued)

Contributions – Section 20814(c) of the CalPERS Law requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. Funding contributions for the Plan are determined annually on an actuarial basis as of June 30 by CalPERS. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The District is required to contribute the difference between the actuarially determined rate and the contribution rate of employees.

For the year ended June 30, the contributions to the Plan were as follows:

	2021	2020
	Miscellaneous	Miscellaneous
	Tier I, II & III	Tier I, II & III
Contributions - employer	\$2,273,068	\$2,071,446

B. *Pension Liabilities, Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pensions*

For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Plan and additions to/deductions from the Plan’s fiduciary net position have been determined on the same basis as they are reported by the CalPERS Financial Office. For this purpose, benefit payments (including refunds of employee contributions) are recognized when currently due and payable in accordance with the benefit terms. Investments are reported at fair value.

As of June 30, the District reported a net pension liability for its proportionate share of the net pension liability of the Plan as follows:

	2021	2020
	Proportionate Share of Net <u>Pension Liability</u>	Proportionate Share of Net <u>Pension Liability</u>
CCCERA Plan (12/31)	\$ 16,641	\$ 1,673,872
Miscellaneous Tier I, II & III	18,111,057	16,618,622
Total Net Pension Liability	\$18,127,698	\$ 18,292,494

DELTA DIABLO
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED JUNE 30, 2021 AND 2020

NOTE 8 – RETIREMENT (Continued)

The District’s net pension liability for the Plan is measured as the proportionate share of the net pension liability. The net pension liability of the Plan is measured as of June 30, 2020, and the total pension liability for the Plan used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2019 rolled forward to June 30, 2020 using standard update procedures. The District’s proportion of the net pension liability was based on a projection of the District’s long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. The District’s proportionate share of the net pension liability for the Plan as of June 30, 2019 and 2020 was as follows:

	Miscellaneous Tier I, II & III
Proportion - June 30, 2019	0.16218%
Proportion - June 30, 2020	0.16646%
Change - Increase (Decrease)	0.00428%

For the year ended June 30, 2021, the District’s recognized actuarial pension expense of \$3,540,054. At June 30, 2021, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Miscellaneous Tier I, Tier II, & III	
	Deferred Outflows of Resources	Deferred Inflows of Resources
Contributions made after the measurement date	\$ 2,273,068	\$ -
Differences between actual and expected experience	933,317	-
Changes in assumptions	-	(129,175)
Change in employer's proportion	626,766	-
Net differences in actual contributions and proportionate contributions	-	(524,059)
Net differences between projected and actual earnings on pension plan investments	538,018	-
Total	\$ 4,371,169	\$ (653,234)

Deferred outflows of \$2,273,068 related to contributions subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the year ended June 30, 2022.

Other amounts reported as deferred inflows of resources related to pensions will be recognized as pension expense as follows:

	Miscellaneous -Tier I, II, & III	
Year Ended June 30	Annual Amortization	
2022	\$	248,769
2023		535,813
2024		402,124
2025		258,050
Thereafter		-

DELTA DIABLO
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED JUNE 30, 2021 AND 2020

NOTE 8 – RETIREMENT (Continued)

At June 30, 2020, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Miscellaneous Tier I, Tier II, & III</u>	
	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Contributions made after the measurement date	\$ 2,071,446	\$ -
Differences between actual and expected experience	1,154,234	(89,430)
Changes in assumptions	792,453	(280,918)
Changes in employer's proportion	484,354	-
Net differences in actual contributions and proportionate contributions	-	(349,108)
Total	<u>\$ 4,502,487</u>	<u>(\$1,010,001)</u>

Deferred outflows of \$2,071,446 related to contributions subsequent to the measurement date, was recognized as a reduction of the net pension liability in the current fiscal year.

Actuarial Assumptions – The total pension liability in the June 30, 2019 valuation was determined using the following actuarial assumptions:

	<u>All Plans</u>
Valuation Date	June 30, 2018
Measurement Date	June 30, 2020
Actuarial Cost Method	Entry-Age Normal Cost Method
Actuarial Assumptions:	
Discount Rate	7.15%
Inflation	2.50%
Salary Increases	Varies by entry age and service
Mortality	Derived using CalPERS Membership data for all Funds. The mortality table used was developed based on CalPERS-specific data. The table includes 15 years of mortality improvements using Society of Actuaries Scale 90% of Scale MP 2016. For more details on the table, please refer to the December 2017 experience study report (based on CalPERS demographics data from 1997 to 2015) that can be found on the CalPERS website.
Post Retirement Benefit Increases	Contract COLA up to 2.50% until Purchasing Power Protection Allowance Floor on Purchasing Power applies

DELTA DIABLO
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED JUNE 30, 2021 AND 2020

NOTE 8 – RETIREMENT (Continued)

Discount Rate – The discount rate used to measure the total pension liability for the Plan was 7.15%. The projection of cash flows used to determine the discount rate for the Plan assumed that contributions from all plan members in the Public Employees Retirement Fund (PERF) will be made at the current member contribution rates and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, the Plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Using historical returns of all the funds’ asset classes, expected compound (geometric) returns were calculated over the short-term (first 10 years) and the long-term (11+ years) using a building- block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the rounded single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. Such cash flows were developed assuming that both members and employers will make their required contributions on time and as scheduled in all future years. The expected rate of return was then set equal to the single equal rate calculated above and adjusted to account for assumed administrative expenses.

The table below reflects expected real rate of return by asset class.

(A) Asset Class	Current Target Allocation	Real Return Years 1 – 10 (B)	Real Return Years 1 – 10 (C)
Global Equity	50.0%	4.80%	5.98%
Fixed Income	28.0%	1.00%	2.62%
Inflation Assets	0.0%	0.77%	1.81%
Private Equity	8.0%	6.30%	7.23%
Real Assets	13.0%	3.75%	4.93%
Liquidity	1.0%		-0.92%
Total	100%		

(A) In the CalPERS ACFR, Fixed Income is included in Global Debt Securities; Liquidity is included in Short-term Investments; Inflation Assets are included in both Global Equity Securities and Global Debt Securities.

(B) An expected inflation of 2.0% used for this period.

(C) An expected inflation of 2.92% used this period.

DELTA DIABLO
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED JUNE 30, 2021 AND 2020

NOTE 8 – RETIREMENT (Continued)

Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the District’s proportionate share of the net pension liability for the Plan, calculated using the discount rate for the Plan, as well as what the District’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1- percentage point lower or 1-percentage point higher than the current rate at June 30, 2021:

	6.15%	7.15%	8.15%
	<u>(1% decrease)</u>	<u>(Current rate)</u>	<u>(1% increase)</u>
Net Pension Liability	\$ 28,087,276	\$ 18,111,057	\$ 9,868,020

Pension Plan Fiduciary Net Position – Detailed information about each pension plan’s fiduciary net position is available in the separately issued CalPERS financial reports.

C. *Contra Costa County Employees Retirement Association Closed Plan*

The District discontinued participation in the Contra Costa County Employees Retirement Association (CCCERA) effective June 20, 2004. The termination agreement provides for an evaluation of any additional liability owed to CCCERA every three years. CCCERA retained certain assets contributed by the District and they remain responsible for retiree benefits for retirees and deferred vested members who were not transferred to the CalPERS system. The designation of 3.75% of payroll annually for Employee Benefit Costs will be a source of funds to address this or other liabilities due. CCCERA’s actuary has conducted and determined the District’s termination liability using the triennial experience analysis as of December 31, 2015. Based on this analysis and in accordance with the termination agreement with CCCERA, the District’s unfunded obligation of \$2,017,307 is to be amortized over 15 years, resulting in annual payments of \$221,489 starting December 31, 2016. The next triennial actuarial valuation is expected on November 2022. As of June 30, 2021, in accordance with GASB 68, the District recorded a net pension liability of \$16,641 under the CCCERA plan.

NOTE 9 – OTHER POST-EMPLOYMENT BENEFITS

A. *Plan Description and Funding Policy*

The District provides post-retirement health care benefits to eligible retirees in accordance with Memorandums of Understanding (MOUs) with employee groups. In accordance with the MOUs, the District contracts with CalPERS to provide post-retirement health benefits through the CalPERS PEMHCA program, which provides for vesting at age 50 with five (5) years of service. The District implemented the California State Vesting Program for Retiree Health Care as regulated by Government Code 22893 by resolution (8/2008).

**DELTA DIABLO
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED JUNE 30, 2021 AND 2020**

NOTE 9 – OTHER POST-EMPLOYMENT BENEFITS

All District employees hired after the implementation date (01/01/2009), will be enrolled in the State’s Vesting Program, which starts fifty percent (50%) medical benefit at age 50 with 10 years of service, increasing by 5% for each additional year of service to 100% with 20 years of service. The District contribution for eligible retirees (and spouses) is continued at the rate in effect each year. The cost of the benefits provided by the plan is currently being pre-funded in an irrevocable trust by the District. The District’s plans to fund the benefits provided under the plan over a 30- year horizon, with minimal impacts to District rate payers. Upon adoption of the annual fiscal year operating budget, the District will transfer all funds budgeted for retiree medical premiums to its OPEB Trust Fund. Additional funding over and above the actuarially determined contributions (ADC) will be set by the District Board from all or part of the following sources, in the order listed below:

1. Unanticipated revenue streams (either one-time or on-going)
2. Wastewater Service Charge revenues exceed planned levels for the prior fiscal year
3. Unused wastewater operating contingency funds from the prior fiscal year
4. Wastewater operating budget savings from the prior fiscal year
5. Ad valorem tax revenues
6. The wastewater general fund

On July 14, 2010, the Board adopted the District’s Retiree Health Funding Plan which outlines that employees will begin contributing 1% of their salaries to the OPEB Trust in July 2010; that these contributions will increase to 2% of salaries in July 2011 and to 3% of salaries in July 2012. It also covers all of the other key elements of the Principles of Agreement such as 1) employee contributions are made on a pre-tax basis and are included in employee compensation for CalPERS retirement purposes; 2) the District at least match the annual employee contributions; 3) the District make a good faith effort to fully fund the remaining ADC each year; and 4) that in recognition of the employees’ initiative in assisting in funding the OPEB obligation, the terms of the bargaining units’ MOU with the District be extended by three years.

	Fiscal Years Ended June 30, 2021 and 2020
Plan Type	Single Employer
OPEB Trust	Yes
Special Funding Situation	No
Nonemployer Contributing Entity	No

Employees Covered by Benefit Terms – Membership in the plan consisted of the following at the measurement date of June 30:

	2021	2020
Active plan members	73	71
Inactive employees or beneficiaries currently receiving benefit payments	64	56
Inactive employees entitled to but not yet receiving benefit payments	5	3
Total	142	130

**DELTA DIABLO
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED JUNE 30, 2021 AND 2020**

NOTE 9 – POST-EMPLOYMENT HEALTH CARE BENEFITS (Continued)

B. Net OPEB Liability

Actuarial Methods and Assumptions – The District net OPEB liability was measured as of June 30, 2020 and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation dated June 30, 2020 that was rolled forward to determine the \$18,945,205 total OPEB liability June 30, 2021, based on the following actuarial methods and assumptions:

	Actuarial Assumptions
Valuation Date	June 30, 2020
Measurement Date	June 30, 2021
Actuarial Cost Method	Entry Age Method
Actuarial Assumptions:	
Contribution Policy	<ul style="list-style-type: none"> • Pre-funded through PARS with the Balanced Portfolio. • District contributes at least the actuarially determined contribution. Employees contribute 3% of reported PERSable payroll until plan is 100% funded.
Discount Rate	• 6.25%
Inflation	• 2.75% per annum
Mortality, Retirement, Disability, Termination	• CalPERS 1997-2015 experience study
Mortality Improvement	• Mortality projected fully generations with Scale MP-2019
Salary Increases	<ul style="list-style-type: none"> • Aggregate – 3% annually • Merit – CalPERS 1997-2015 Experience Study
Medical Trend	<ul style="list-style-type: none"> • Non-Medicare – 7% for 2022, decreasing to an ultimate rate of 4% in 2076 • Medicare (Non-Kaiser) – 6.1% for 2022, decreasing to an ultimate rate of 4% in 2076 • Medicare (Kaiser) – 5% for 2022, decreasing to an ultimate rate of 4% in 2076
Participation at Retirement	<ul style="list-style-type: none"> • Actives covered & surviving spouse hired < 1/1/09 – 100% • Actives covered & surviving spouse hired ≥ 1/1/09 – 0% with < 10 years of service, 90% with 10-14 years, 95% with 15-19 years, and 100% with 20+ • Actives waived – 80% of above assumption for covered actives • Retirees & surviving spouses – 100% if covered, 20% at 65 if waived <65, 0% waived ≥ 65

The underlying mortality assumptions were based on the CalPERS 1997-2015 Experience Study and all other actuarial assumptions used in the June 30, 2020 valuation were based on the results of a June 30, 2020 actuarial experience study for the period of July 1, 2019 to June 30, 2020.

The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which expected future real rates of return (expected returns, net of OPEB plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following tables.

DELTA DIABLO
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED JUNE 30, 2021 AND 2020

NOTE 9 – POST-EMPLOYMENT HEALTH CARE BENEFITS (Continued)

The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following tables as of June 30:

2021		
<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Global Equity	58%	4.82%
Fixed Income	35%	1.47%
REITs	2%	3.76%
Cash	5%	0.06%
Total	100%	
Assumed Long-Term Rate of Inflation		2.75%
Expected Long-Term Net Rate of Return		6.25%

2020		
<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Global Equity	58%	4.82%
Fixed Income	35%	1.47%
REITs	2%	3.76%
Cash	5%	0.06%
Total	100%	
Assumed Long-Term Rate of Inflation		2.75%
Expected Long-Term Net Rate of Return		6.25%

Discount Rate – The discount rate used to measure the total OPEB liability was 6.25% for 2021 and 2020. The projection of cash flows used to determine the discount rate assumed that District contributions will be made at rates equal to the actuarially determined contribution rates. Based on those assumptions, the OPEB plan’s fiduciary net position was projected to be available to make all projected OPEB payments for current active and inactive employees and beneficiaries. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

D. Sensitivity of the Net OPEB Liability

The following presents the Net OPEB Liability of the District, as well as what the District's Net OPEB Liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current discount rate as of June 30:

Plan's Net OPEB Liability (Asset) at June 30, 2021		
Discount Rate -1% (5.25%)	Current Discount Rate (6.25%)	Discount Rate -1% (7.25%)
\$ 889,392	\$ (1,442,504)	\$ (3,378,058)

Plan's Net OPEB Liability (Asset) at June 30, 2020		
Discount Rate -1% (5.25%)	Current Discount Rate (6.25%)	Discount Rate -1% (7.25%)
\$ 6,736,071	\$ 4,203,402	\$2,112,750

The following presents the Net OPEB Liability of the District, as well as what the District's Net OPEB Liability would be if it were calculated using a healthcare cost trend rate that is 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rate:

Plan's Net OPEB Liability (Asset) at June 30, 2021		
1% Decrease	Current Trend	1% Increase
\$ (3,773,468)	\$ (1,442,504)	\$ 1,421,571

Plan's Net OPEB Liability (Asset) at June 30, 2020		
1% Decrease	Current Trend	1% Increase
\$ 1,525,167	\$ 4,203,402	\$ 7,516,435

E. OPEB Expenses and Deferred Outflows/Inflows of Resources Related to OPEB

For the year ended June 30, 2021, the District recognized actuarial OPEB income of \$144,133. As of June 30, 2021 the District reported deferred outflows and inflows of resources related to OPEB from the following sources:

DELTA DIABLO
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED JUNE 30, 2021 AND 2020

NOTE 9 – POST-EMPLOYMENT HEALTH CARE BENEFITS (Continued)

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	\$ (1,122,718)
Changes of assumptions	184,385	(859,023)
Net difference between projected and actual earnings on OPEB plan investments	-	(2,393,709)
Total	\$ 184,385	\$ (4,375,450)

The District did not have any contributions subsequent to the measurement date to report as deferred outflows of resources as of June 30, 2021. Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized as future OPEB expense as follows:

Measurement Period Ended June 30	Annual Amortization
2022	\$ (955,596)
2023	(929,595)
2024	(931,510)
2025	(991,057)
2026	(319,422)
Thereafter	(63,885)

For the year ended June 30, 2020, the District recognized OPEB expense of \$805,899. As of June 30, 2020 the District reported deferred outflows and inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	\$ (424,212)
Changes of assumptions	243,864	-
Net difference between projected and actual earnings on OPEB plan investments	351,283	-
Total	\$ 595,147	\$ (424,212)

**DELTA DIABLO
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED JUNE 30, 2021 AND 2020**

NOTE 10 – RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees and natural disaster. The District joined together with other entities to form the California Sanitation Risk Management Authority (CSRMA), a public entity risk pool currently operating as a common risk management and insurance program for 60 member entities. The purpose of CSRMA is to spread the adverse effects of losses among the member entities and to purchase excess insurance as a group, thereby reducing its cost. The District pays an annual premium to CSRMA for its general liability, property damage, workers compensation insurance and automobile coverage.

CSRMA is governed by a Board composed of one representative from each member agency. The Board controls the operations of CSRMA including selection of management and approval of operating budgets, independent of any influence by member entities.

CSRMA is not a component unit of the District and the District's share of assets, liabilities, and equity has not been calculated.

The following is a summary of the insurance policies in force carried by the District as of June 30, 2021:

<u>Type of Coverage</u>	<u>Limits</u>	<u>Deductibles</u>
General Liability	\$15,500,000	\$100,000
Excess General Liability	10,000,000	None
Worker's Compensation	750,000	None
Excess Worker's Compensation Liability	Statutory Limit	None
Special Form Property	197,043,005	25,000
Public Entity Pollution Liability	2,000,000	None
Cyber Liability Coverage	2,000,000	None
Master Crime Liability	2,000,000	2,500

The District also maintains employee fidelity bonds to protect against the risk of employee theft or defalcation. Settled claims for CSRMA or employee fidelity bonds have not exceeded coverage in any of the past three fiscal years. Audited financial statements of CSRMA may be obtained at 500 Washington Street, Suite 300, San Francisco, CA 94111-2933.

The District did not record a liability for outstanding claims at fiscal year-end, as management believes that the claims were minimal.

DELTA DIABLO
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED JUNE 30, 2021 AND 2020

NOTE 11 – NET POSITION

Net Position is the excess of all the District’s assets and deferred outflows over all its liabilities and deferred inflows, regardless of fund. Net Position is divided into three categories. These captions apply only to Net Position, which is determined only at the District-wide level, and are described below:

Net investment in Capital Assets describes the portion of Net Positions which is represented by the current net book value of the District’s capital assets, less the outstanding balance of any debt issued to finance these assets.

Restricted describes the portion of Net Position which is restricted as to use by the terms and conditions of agreements with outside parties, governmental regulations, laws, or other restrictions which the District cannot unilaterally alter.

Unrestricted describes the portion of Net Position which is not restricted to use.

NOTE 12 – COMMITMENTS AND CONTINGENCIES

A. Lease Revenue

Delta Energy Center, LLC (DEC) and Calpine Corporation entered into an operating lease with the District, effective December 11, 2002, to lease real property located at 2600 Pittsburg-Antioch Highway, in Pittsburg, for a cooling tower site. The base rent for the leased land started at \$32,500 per year and is set to escalate every five years based on changes in the Consumer Price Index. The current rate is \$36,540 per year. The area leased is 260 feet by 50 feet, on land that is not targeted for District improvements. The agreement terminates May 31, 2050. Minimum future rentals total \$1,096,200 at June 30, 2020. The lessee, DEC, retains an option to terminate the lease agreement by providing a thirty-day written notice to the District. The total remaining minimum future rental payments are as follows:

For the Year Ending June 30	Minimum Future Rentals
2022	36,540
2023	36,540
2024	36,540
2025	36,540
2026	36,540
2027 – 2031	182,700
2032 – 2036	182,700
2037 – 2041	182,700
2042 – 2046	182,700
2047 – 2050	146,160
	<u>\$1,059,660</u>

F. Purchase Commitments

The District has a number of purchase commitments for ongoing operating and capital projects that involves multi-year contracts. Purchase commitments related to these multi-year contracts are approximately \$15,109,480 and \$20,743,786 as of June 30, 2021 and 2020, respectively.

DELTA DIABLO
Annual Comprehensive Financial Report
For the Fiscal Years Ended June 30, 2021 and 2020

This section of the District’s annual comprehensive financial report provides detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the District’s overall financial health. Information provided in this section is not subject to an independent audit.

Financial Trends

These schedules contain trend information to help the reader understand how the District’s financial performance and well-being have changed over time.

Net Position By Component84

Condensed Statement of Revenues, Expenses and Changes in Net Position 85

Total Revenues By Source..... 86

Total Expenses By Category.....87

Revenue Capacity

These schedules contain information to help the reader assess the District’s most significant revenue sources.

Major Revenue Base and Rates 88

Service Charges and Service Charges as a Percentage of Total Operating Revenue89

Principal Customers89

Debt Capacity

These schedules contain information to help the reader assess the affordability of the District’s current level of outstanding debt and its ability to issue additional debt in the future.

Outstanding Debt By Type and Debt Per Capita90

Pledged Revenue Coverage91

Demographics and Economic Information

These schedules contain demographic and economic indicators to help the reader understand the environment within which the District’s financial activities take place.

Principal Employers in Contra Costa County92

Demographic and Economic Statistics - District Service Area and Contra Costa County.....93

Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the District’s financial report relates to the services the District provides and activities/programs it performs.

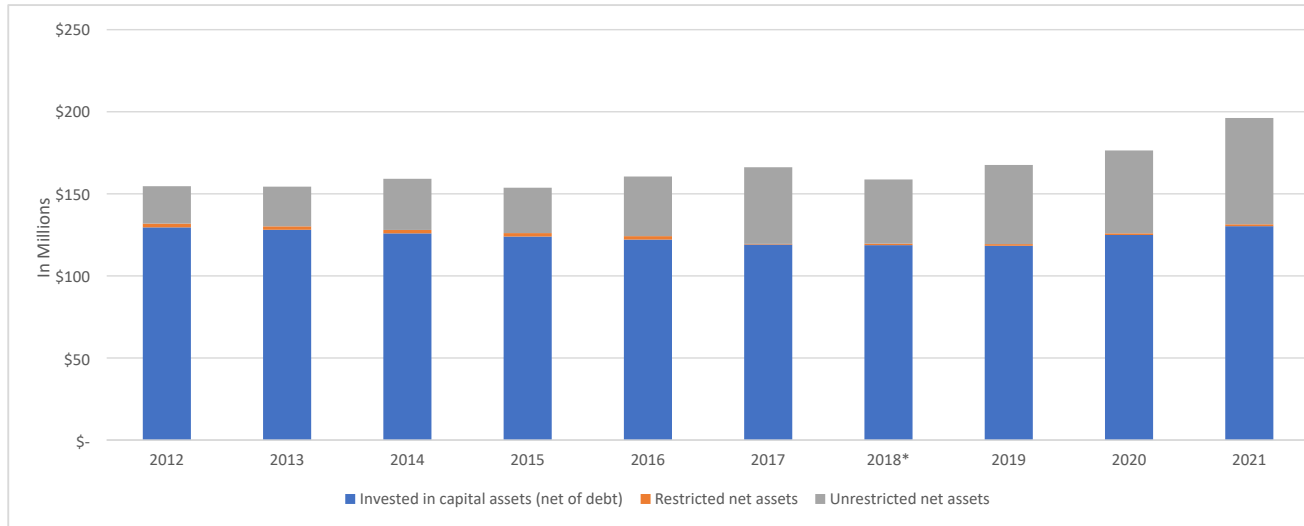

About the District.....94

Number of District Employees By Department/Function95

Operating and Capital Indicators By Program96

Sources: Unless otherwise noted, the information in these schedules is derived from the annual audited financial reports for the relevant year.

MEMORANDUM ON INTERNAL CONTROL

To the Board of Directors
Delta Diablo
Antioch, California

In planning and performing our audit of the financial statements of the business-type activities of Delta Diablo (the District) as of and for the year ended June 30, 2021, in accordance with auditing standards generally accepted in the United States of America, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. We did not identify any deficiencies in internal control that we consider to be material weaknesses.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We did not identify any deficiencies in internal control that we consider to be significant deficiencies.

This communication is intended solely for the information and use of management, the Board of Directors, and others within the District, and is not intended to be and should not be used by anyone other than these specified parties.

Board of Directors

Delta Diablo
Antioch, California

We have audited the financial statements of the business-type activities of Delta Diablo (the District) for the year ended June 30, 2021. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated June 28, 2021. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the District are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2021. We noted no transactions entered into by the District during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the District's financial statements were:

- Management's estimate of the depreciation expense is based on estimated useful lives of the underlying assets. We evaluated the key factors and assumptions used to develop the depreciation expense in determining that it is reasonable in relation to the financial statements taken as a whole.
- Management's estimate of the net pension liability is based on estimated useful lives of the actuarial valuations as set forth in GASB Statement No. 68. We evaluated the key factors and assumptions used to develop the net pension liability in determining that it is reasonable in relation to the financial statements taken as a whole.
- Management's estimate of the net OPEB liability is based on estimated useful lives of the actuarial valuations as set forth in GASB Statement No. 75. We evaluated the key factors and assumptions used to develop the net OPEB liability in determining that it is reasonable in relation to the financial statements taken as a whole.
- Management's estimate of fair value of investments: The District's cash and investments held at June 30, 2021 as measured by fair value are disclosed in Note 2 to the financial statements. Fair value is essentially market pricing in effect as of June 30, 2021. These fair values are not

required to be adjusted for the changes in general market conditions occurring subsequent to June 30, 2021.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the financial statements were:

- The disclosure of long-term debt in Note 7 to the financial statements
- This disclosures regarding pension and Other-Post Employment Benefits (OPEB) contained in Notes 8 and 9, respectively.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to each opinion unit's financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated December 20, 2021.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the District's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the District's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

We applied certain limited procedures to Management's Discussion and Analysis, the Schedule of Proportionate Share of Net Pension Liability, Schedule of Changes in Net OPEB Liability and Related Ratios, and Schedule of OPEB Contributions, which are required supplementary information (RSI) that

supplements the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

We were not engaged to report on the Supplementary Schedule of Net Position and the Supplementary Schedule of Revenues, Expenses, and Changes in Net Position, which accompany the financial statements but are not RSI. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Restriction on Use

This information is intended solely for the information and use of the Board of Directors and management of the District and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

CROPPER ACCOUNTANCY CORPORATION
