Delta Household  
Hazardous Waste  
Collection Facility

**Legal. Easy. Affordable.**

# Why bother to sign up?

It's illegal (and unethical) to place any item from the Accepted Hazardous Waste List in the garbage or landfill. Violating this law comes with a penalty of \$25,000 per day per violation! Our Small Business Program helps qualified small generators avoid steep fines with a legal, safe and affordable way to handle hazardous waste — while protecting the environment from toxic pollution.

## In a Greener World...

- No business would use any product with packaging or labeling that boldly advertises CAUTION, WARNING, DANGER, POISON, TOXIC, FLAMMABLE or CORROSIVE.
- All business owners and employees would be aware of how hazardous products they use harm people, animals, crops or nature — especially if mishandled or illegally dumped.
- Whenever feasible, businesses would switch to non-hazardous products or streamline processes to eliminate or significantly reduce toxic waste.
- Under no circumstances would anyone break the law by dumping hazardous waste in any California landfill, waterway, street, parking lot, garbage container or the ocean.
- Every eligible business would become **green certified** through the County's Green Business Program: [www.greenbiz.ca.gov](http://www.greenbiz.ca.gov) or (925) 646-2286.

If you continue to generate limited quantities of hazardous waste, and do business in our corner of the world, call (925) 756-1990 about our Small Business Program.

## Legal, Easy & Affordable

If your business operations generate limited quantities of hazardous waste, you may qualify for our Small Business Program. As a public agency, we are able to accept specific hazardous waste from qualified small generators at much lower fees compared to typical commercial hazardous waste providers.

## Real People Help You Get Started

For eligibility information, sign-up forms, instructions and more details about our Small Business Program:

1. Visit [www.ddsd.org/hhw/small\\_business.html](http://www.ddsd.org/hhw/small_business.html).
2. Call (925) 756-1990 for answers to all your questions from our helpful staff (real people).

## More Real People at Drop-Off Site

Our full-service facility and expert staff make drop-off easy because we:

- Guide you through each step, from determining your eligibility through registration.
- Help you with paperwork in advance of a scheduled drop-off, including estimating fees.
- Provide easy-to-follow instructions on how to contain and transport accepted hazardous waste.
- Allow you to remain in your vehicle while we unload your hazardous waste and handle all details!

## Out of Harm's Way

Our mission is to safeguard landfills, soil, air, and water supplies from permanent pollution caused by hazardous waste. Materials accepted at our facility are EPA-governed, meticulously handled by experts, then primarily channeled to reuse and recycling markets. These markets help conserve raw materials and natural resources consumed in manufacturing new hazardous products.

**Our Small Business Program offers legal, easy and affordable hazardous waste drop-off services to qualified generators.**

## Accepted Hazardous Waste List

Many people are unaware the products they use are by law categorized as hazardous and are unknowingly dumping them illegally. To address this dilemma and protect our environment, we accept and legally handle the following hazardous waste from qualified small generators:

- ▲ Aerosols (spray cans)
- ▲ Antifreeze
- ▲ Batteries (all types)
- ▲ Cleaners
- ▲ Cooking Oil
- ▲ Corrosives/Oxidizers (acids, bases)
- ▲ Empty Drums
- ▲ E-waste (TVs, computers, etc.) *E-waste accepted at no charge from qualified (registered) and non-registered small business generators. No limits.*
- ▲ Flammable/Combustible Materials (liquids & solids)
- ▲ Fluorescent bulbs and tubes
- ▲ Inks
- ▲ Motor oil
- ▲ Oil filters
- ▲ Organic Peroxides
- ▲ Paint (latex and oil-based)
- ▲ Photo chemicals
- ▲ Poisons/Toxic materials (pesticides, herbicides, insecticides)
- ▲ Propane Tanks
- ▲ Reactives
- ▲ Solvents
- ▲ Stains
- ▲ Thinners
- ▲ Varnishes

**Call (925) 756-1990 for more items accepted.**
